Dr. Kathryn Drain began her veterinary career working part time for established practices in the Tuscaloosa area. Eventually, she reached a point in her career where she had the technical expertise as well as the business acumen to create a successful practice and she founded Capstone Veterinary Hospital. The business flourished and after establishing herself in the market, Dr. Drain continued to put her clients (both animal and human) first. She purchased real estate and moved into her new office permanently. This move, made possible with an SBA 504 loan, allowed her to purchase and renovate a building near downtown Tuscaloosa. This step has brought her clients more consistent care as well as allowed Dr. Drain to grow her already-successful business and offer new services.
The owners of Good People Brewing Company set out to make good beer and nothing more. Eight years later, they offer five year-round brews and four seasonals favored by folks in Alabama, Tennessee and beyond.

Pete's Party Castle is Mobile's favorite place to sit back and let the kids play. Enjoy great food, arcades, and a dragon playground. Even the little ones can play in the special toddler soft play area, now with a Crooked House.

From Land Warriors to Air Warriors. From aircraft to spacecraft. From prototypes to mass production. AD-CEPT's skilled engineers and craftsmen provide mission and business critical support & technology development.
