

October 2017

Dear Parent or Legal Guardian:

Thank you for your interest in the NAMI Maine Family Respite Program. This program is funded by the Maine Department of Health & Human Services (DHHS) and is designed to give planned breaks to families of children with special needs. Upon completion of the application process, your family may be allotted up to 24 hours per month for planned respite service, as long as funding remains available.

To be approved for respite services, child(ren) must be in the custody of and live in the same household as the adult applicant. This program is not open to children in foster care. If you are in the process of adopting a child, the adoption needs to be finalized prior to applying for respite services.

It is extremely important that you submit a complete application as we are not able to process incomplete applications. Incomplete applications will be discarded after thirty (30) days.

The following information must be received for your application to be considered complete.

1. Family Information Section - this needs to be filled out only once for each family
2. Child Application Section - this must be completed for each child you are adding to the respite program for approval.
3. Policies, notices and releases must be initialed and signed where indicated.
4. Diagnostic Evaluation(s) - a diagnostic evaluation is required for each child you are adding for approval (see next page for details)
5. Determination of Fee form - fill in all requested sections
6. Signature Page - this page must be completed and returned with your application

The complete Family Application Packet can also be found at www.namimaine.org.

Thank you for your interest in the Family Respite Program. If you have further questions, please feel free to call NAMI Maine or email us at respite@namimaine.org.

Sincerely,

Chelbay Evans

Please review the following policies, fill in information & *initial* where indicated.

RIGHTS OF RECIPIENTS AND GRIEVANCES

The Maine Department of Health and Human Services and the Children’s Behavioral Health Services Division have specific rights for recipients of mental health services who are children. These rules are established under Public Law, 34-B, M.R.S.A., sections 3003 and 15002. They apply to all facilities or programs providing inpatient, residential or outpatient mental health services which are licensed, funded, or contracted by the DHHS, including state operated institutes and facilities. Because respite service is a program that NAMI Maine delivers under contract with the DHHS, we must provide care that is consistent with these rules. You may read them on line by going to <http://www.maine.gov/dhhs/ocfs/cbhs/policy/rights.shtml>

One of the rights that are guaranteed is your right to file a grievance. Part A, Section VII, Right to Due Process with Regard to Grievances, and Section IX, Confidentiality of and Access to Mental Health Records, were amended in April of 2000 as required by 34-B M.R.S.A. Section 15002. The Department is aware that changes are still needed to bring these rules into alignment with changes in the Department and how its services are provided; these additional changes will be addressed as soon as feasible.

Questions regarding the applicability or interpretation of these rules should be directed to the Division of Licensing and Regulatory Services, 11 SHS, Augusta, Maine 04333-0011. Telephone: (207) 287-9300; 1-800-791-4080; TDD 1-800-606-0215.

NAMI Maine’s grievance policy is described in the respite program handbook. You will receive a copy of the handbook with your respite approval packet. This handbook can also be found on our website at <http://www.namimaine.org/?page=ProviderForms>.

I have read the *Rights of Recipients and Grievances*, understand and agree.

PARENTAL RESPONSIBILITY

- 1. Choice of provider** - NAMI Maine believes families should choose the respite provider most appropriate to the needs of their family. NAMI Maine will do all it can to help to certify and employ respite care providers that are referred to us by families.
- 2. Inform and train the provider about your child(ren)'s special needs** - Parents know their children best. They are most able to inform a provider what their child(ren) requires. It is the parent who must fully inform the provider of the child(ren)'s every need, including programs and treatments.

3. Action Plans - Each family will be asked to complete a respite action plan that documents the expectations of the family, the understanding of the respite provider, and outcomes expected from the provision of respite care. Respite services are to be delivered to address the health, social, behavioral, and daily living needs of children who are receiving care.

4. Instruct the provider regarding medications - Parents are responsible for informing their providers about their child(ren)'s medications and dosages. A signed permission form must be in effect each time respite takes place in order for a provider to give medications or supervise the taking of medications. Families must clearly separate and label each prescription with the preference being that medication is within its original prescription bottle. Failure to complete and submit the medications permission form will result in delays in payment to the provider. Repeated instances of non-compliance may result in termination of services.

5. Changes in special needs - Parents are responsible for reporting any changes in their child(ren)'s special needs, in the families' needs, residence, or telephone number. Eligibility is based on need, and may be reassessed at a maximum of three year intervals which require new documentation of disability. These reviews may be required more frequently based on the child(ren)'s diagnosis or as requested by DHHS.

I have read the *Parental Responsibilities*, understand and agree. **Please initial here** _____

NOTICE OF CONFIDENTIALITY

While not a clinical provider, NAMI Maine complies with state and federal confidentiality laws that govern the release of information about medical and behavioral health. Our records consist only of the information you have shared with us as part of the application process. In this regard, NAMI Maine staff and respite care workers will maintain the privacy of your respite records with the following exceptions:

- There are concerns about or allegations of abuse or neglect of a child or a dependent adult;
- There are allegations or concern about the safety of a child or dependent adult;
- There are allegations or concerns about self-harm or harm to a child or dependent adult;
- There are other health or safety concerns that lead NAMI Maine to believe that the child or family is at risk because of an inability to care for the child or to care for themselves.

In all instances where a NAMI Maine staff person has any of the concerns listed above they will discuss them with a supervisor and if warranted, make a report to the DHHS abuse and neglect help line and/or to law enforcement authorities.

I have read the *Notice of Confidentiality*, understand and agree. **Please initial here** _____

INFORMED CONSENT

I understand that NAMI Maine will do all it can to certify, orient, train, and supervise the respite care providers that assist my family. I understand that NAMI Maine will check the criminal, child protective and driving histories of all respite care providers before they perform service.

I understand that I will be asked to (1) approve of the respite care provider that I choose to provide respite care to me and my family, (2) design an action plan with the respite care provider that outlines my goals for the respite care services I receive, and (3) that I will be required to provide direction to the provider delivering care based upon the needs of my child(ren), their specific treatment needs, and my knowledge of how that care needs to be provided.

I understand that respite care is neither a clinical service nor a medical or treatment service, and is a program that I have voluntarily chosen to utilize in order to receive planned breaks from caring for my child(ren) with special needs.

I understand the inherent risks associated with participation in respite care services and in asking another person to provide care to my child/children outside of my supervision. I knowingly and voluntarily accept these risks and agree to provide NAMI Maine with a satisfaction survey before respite care begins and at least quarterly thereafter. I understand that by providing this information, I am certifying that I am satisfied with the care I am receiving, with the safety of my child(ren) while in respite care, and that I am aware of no problems associated with the person providing the care or with the care they are providing my child(ren).

I acknowledge that I am solely responsible for medical or other costs arising out of any injury, illness, or property damage or loss sustained through my voluntary participation in this program. I also agree to provide necessary funds, fees & travel costs (\$.44 per mile) for any activity in which I have asked the respite care provider to bring my child(ren).

My initials next to the following denote my implied permission for any respite provider providing respite care for my child(ren) to

(initial all that apply):

- _____ Transport my child(ren) in their personal vehicle
- _____ Dispense medications while providing respite care
- _____ Escort my child(ren) to activities I have approved (examples include horseback riding, swimming, playgrounds, parks or other similar activities)

_____ Perform the necessary care my child(ren) require such as feeding, toileting, bathing, special medical care (G-tube, colostomy bag, catheterization, diapering, etc.).

_____ Other (please specify) _____

I have read the *Informed Consent*, understand and agree. **Please initial here** _____
