How to use the Committee Directory:

Step 1) Login to NAPABA Social at www.napaba.org.

Step 2) Select Groups from the menu bar.
**Step 3** Look for the group you are interested in the directory for. Then use the *Actions* drop down menu and select *Email All Members*.

**Step 4** Select *Directory* from the side menu.
Step 5) Use the search function to find a specific member, count the total amount of members, etc. You may notice that the number of members that appear seems inaccurate. This is because only members who have activated their membership for the current bar year will appear.

Notes:

- If you are interested in members who have not activated their membership for the current bar year, please contact membership@napaba.org for assistance.
- We encourage you to help recruit members and encourage individuals to renew.
