KABA Stands in Solidarity with the Black Community Against Racial Injustice

June 2, 2020

The Korean American Bar Association of Southern California and the KABA Foundation ("KABA") stand together with and in full support of the Black communities across our country. We grieve the loss of George Floyd, Breonna Taylor, Ahmaud Arbery, Tony McDade, and countless others who were tragically killed or abused as a result of systemic racism persisting throughout our country. KABA demands accountability for the police officers and anyone else involved in the unjustifiable and horrific acts of violence and injustice against Black Americans. It is imperative that we, Korean Americans, not remain complicit or be passive bystanders when seeing racist actions or policies. KABA implores our members and our community to join us in our commitment to peacefully advance social justice and racial unity by standing in solidarity for the rights, lives, and safety of the Black community.
