The CPCP program is managed by the Purchasing Card Professional Certification Council (PCPCC) with oversight by the NAPCP. Testing is administered by Professional Testing Corporation.

“Shortly after receiving notification that I passed, the Manager of Travel and Accounts Payable customized a job posting for me as Senior Analyst and Company Card Administrator. Not only is there a financial benefit to my new position, but there is also a great sense of pride in achieving a higher position within the company. The job posting stated ‘The ideal candidate will hold a CPCP certification.’ That in itself set me apart from other applicants, and I was so proud to be offered the position!”

- Gina Holmes, CPCP, Aerojet Rocketdyne

CPCPs earn an average of 9% more than their non-credentialed peers.
