

State Tobacco Cessation Coverage Assessment Worksheet

This worksheet is designed to assist states in completing a comprehensive assessment of cessation coverage. It compliments the information presented during *Phase I: Assessing and Building Support for Health Plan Coverage of Quitline Services* of the 3-part Building Private-Public Partnerships webinar series. To view a copy of the archived webinar, visit <http://www.naquitline.org/?page=PPP>.

State:

State population:
Smoking or tobacco use prevalence:
Estimated number of smokers:

Quitline:

Populations served:
Services offered:
Annual budget:
No. of participants served annually:
Quitline reach:
Quitline sustainability or risks to funding:

Distribution of insured population:

% publically insured:
