<https://www.naquitline.org/event/reception>

Please join us for a special quitline reception prior to the NCTOH in

Chicago. To foster collaboration and connection, we're uniting several service providers to host a single catered event for all quitline funders, service providers, and partners. Please register [here](#).

Thank you to **RVO Health, National Jewish Health, and Information & Quality Healthcare** for their generous co-sponsorship of this event.

We look forward to seeing you there!

**Celebrate World No Tobacco Day (May 31) by Transforming Lives
with Our FREE Certified Course for Tobacco Treatment
Specialists**

Conversations that Save Lives: How Tobacco Treatment Specialists can Engage Clients in a Discussion about Lung Cancer Screening

Celebrate World No Tobacco Day by Registering for a FREE Online Course!

This course was funded through a Patient-Centered Outcomes Research Institute® (PCORI®) Eugene Washington PCORI Engagement Award (EADI-26839). The views, statements, opinions presented in this course are solely the responsibility of the author(s) and do not necessarily represent the views of PCORI®.

World No Tobacco Day, celebrated annually on May 31, serves as a crucial reminder of the devastating impact of tobacco on lung health. Globally, smoking causes almost 7 out of 10 lung cancer deaths in both men and women. Project ENGAGE invites all Tobacco Treatment Specialists (TTS) to participate in a **FREE, one-hour online accredited course**. This course is specifically designed to equip you with the latest knowledge and strategies to educate your clients about life-saving lung cancer screening effectively.

Accredited Learning: Approved by the Council for Tobacco Treatment Training Programs, this course offers **1 continuing education contact hour** upon completion, ensuring you stay updated in your field. You will also receive a certificate of completion.

Be Part of the Solution: More than 800 healthcare professionals have already enhanced their skills through this course and are now actively involved in lung cancer prevention efforts. By enrolling in "Conversations that Save Lives: How Tobacco Treatment Specialists can Engage Clients in a Discussion about Lung Cancer Screening," you will become part of a community of committed specialists who are driving positive change. Your expertise will enable clients to make informed health choices, building on the trust they already place in you.

Register Now and join a movement dedicated to saving lives! (https://lungscreeneducation.org/?utm_source=NAQC&utm_medium=ebulletin&utm_campaign=May_promo&utm_id=May)

Please promote this course via your communication channels by accessing a media kit at <https://www.naquitline.org/engage>.
