NASCLA Staff has been very busy this Spring launching the new NASCLA Contractor Scholarship Program as well as the NASCLA Accredited Electrical Examination Program. We are very excited to see the essays and videos from the scholarship applicants, and to meet the winners at the NASCLA 2019 Annual Conference in Baltimore, Maryland. NASCLA is very excited to report that we have five (5) state agencies launching the NASCLA Accredited Electrical Examination Program in April/May 2019.

Last month, we met at the association office for our NASCLA Board of Directors Mid Year Meeting which was once again a great success. As always Dale Atkinson, the Executive Director of Federation of Associations of Regulatory Boards (FARB), provided us with very important information and incite. He discussed the consortium and brought us up to date with what is going on nationwide. He also provided a Comprehensive Regulatory Training (CRT) program to board members in attendance.

I was privileged to meet the current subject matter experts who are working on updating our Job Analysis for the NASCLA Accredited Examination for Commercial General Building Contractors. We are so grateful for these individuals who are willing to volunteer and dedicate so much time and effort to help promote NASCLA initiatives.

As always, our NASCLA Accredited Examination Program Committee, Contractors Committee, Model Legislation Committee, and Technology Committee are doing a great job with their projects. We really appreciate all of our committees and the time and energy they volunteer to promote the building industry and the current workforce shortage.

I have seen so many changes and accomplishments since I became involved with NASCLA in July 2011, NASCLA Staff is always coming up with great ideas and keeping us informed of what is going on nationwide. It is time to update our NASCLA Strategic Plan and we hope to have Mr. Michael Barrett of Resonance, LLC facilitate at our NASCLA 2020 Board of Directors Mid Year Meeting. We are happy that George Whalen and Kathy S. LeCroix, NASCLA Fiscal Policy Representatives, have decided to continue participating in NASCLA events following retirement as they both carry a great wealth of knowledge and experience that we can all appreciate.

The NASCLA Staff will be coordinating membership and outreach meetings in the New England area in April 2019 that I look forward to participating in. We will be looking to engage more member support in that region since we will be in Baltimore this summer for the 2019 Annual Conference.

Thank you again to our NASCLA Staff, Board of Directors and all of our hardworking committee members, we could not do it without you. As always our goal is to continue to grow NASCLA and to promote the health, safety and welfare of the general public and support the construction industry. We hope to see all of you at the NASCLA 2019 Annual Conference in Baltimore, Maryland!

Sincerely,

Janet Baumberger
NASCLA President
The Alabama Licensing Board for General Contractors (ALBGC) was created through legislation enacted in 1935. The Board licenses and regulates commercial/industrial contractors and subcontractors performing work where the cost of the undertaking is $50,000 or greater and swimming pool contractors where the cost is $5,000 or greater. Currently, there are more than 9,000 contractors and subcontractors licensed to work in the state. The Board is comprised of five (5) members appointed by the Governor. Each member must be a general contractor with at least 10 years’ experience in the field as a contractor. At least one (1) member of the Board must have as a larger part of his or her business in the construction of highways; in the construction of public utilities; in the construction of buildings; and in the performance of construction work as a subcontractor. The members serve 5-year terms, expiring on December 31st of those years. There are no term limits and members may continue to serve until their successors are appointed and qualified.

The Board was created to safeguard life, health, and property and to promote the welfare of the general public by requiring that only properly qualified persons be permitted to engage in general contracting. The Board has the authority to review and examine applicants wishing to be licensed in the State as well as levy administrative fines, issue administrative warnings, and revoke licenses for those found in violation.

The ALBGC currently employs a staff of 15 including three (3) compliance officers and five (5) licensing specialists. Our office processes over 1,000 new applications, 9,000 license renewal requests, numerous license amendments, out of state license verifications and bid limit increases as well as over 600 compliance investigations per year. Compliance investigations are conducted via random site visits, consumer complaints, as well as complaints submitted by other state and local officials.

We also distribute funds annually to accredited institutions of higher education offering American Council for Construction Education accredited courses in building science and whose civil engineering program is accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET). There are currently eight (8) qualifying institutions in Alabama which receive the annual distributions that typically exceed $750,000.
The NASCLA 2019 Board of Directors Mid Year Meeting was held on March 7 - 8, 2019 at the NASCLA Association Office in Phoenix, Arizona. On Wednesday, March 6th, preliminary meetings were held; NASCLA welcomed five (5) new professionals to the team during the New Board Member Orientation, next the NASCLA Nomination Committee met to discuss nominations for the NASCLA Secretary position for FY 2019/2020. In addition, the NASCLA Committee Chairs meeting was conducted to allow for chairs to discuss their current projects and how they may work together with other committees; this meeting will continue to take place during future NASCLA Board of Directors Mid Year Meetings. Lastly, the NASCLA Executive Committee met to review and discuss the interim business and financial statements of the association as well as review the NASCLA Strategic Plan for 2017, 2018 and 2019. We concluded the evening with a networking event hosted at the NASCLA Office.

On Thursday, March 7th, the NASCLA Board of Directors along with Committee Chairs attended a 1-Day Educational Training facilitated by Dale Atkinson, Executive Director of the Federation of Association of Regulatory Boards (FARB). The first presentation focused on Occupational Licensing: Assessing State Policy and Practice Update. Following this session Dale conducted an interactive Comprehensive Regulatory Training (CRT) Program. This interactive session provided the attendees a compressive training on foundational aspects of regulation and board operations. The final presentation included a Board of Directors Orientation presented by Angie Whitaker, NASCLA Executive Director, and Reese Anderson, NASCLA Legal Counsel. The day was filled with thought-provoking conversations and insightful takeaways. The day ended with an Off-Site Teambuilding Event.

On Friday, March 8th, the meeting concluded with the NASCLA Board of Directors Meeting. The board member’s on-going collaboration, dedication and expertise was the foundation to this productive meeting. Thanks again to all the attendees for volunteering their time and expertise to keep the association in the forefront. It is because of their leadership and participation that we are able to move the association forward and continue to work on the long-term strategic goals and initiatives.
NASCLA 2019 Annual Conference & Additional Training Programs

Registration is Open!
August 26 - 29, 2019
Baltimore, Maryland

Hyatt Regency Baltimore Inner Harbor
300 Light Street
Baltimore, Maryland 21202
Phone: (410) 528-1234

NASCLA’s Annual Conference is the association’s premier annual event. The conference draws 100+ attendees including regulators, construction industry representatives and decision-makers from more than 40 state licensing agencies, testing companies and associations across the United States.

As we gather together for the 57th Annual Conference, we will be concentrating our efforts on mobility/portability strategies, Board Member best practices, effective media and public relations, maintaining compliance with those ever-changing regulations, effective ways to partner with legislatures and other informative topics. We must come together to raise our industry performance through recruiting people into the construction industry to become competent professionals, responsible members of a broader community and future leaders in our industry!

In addition, NASCLA will be offering three (3) pre-conference training programs, which include the NASCLA Investigator Training Program (August 26th - 27th), NASCLA Attorney Training Program (August 26th) and a new Board Member Training Program by NASCLA (August 26th); more information can be found on page 5 - 7 of this newsletter. To register to attend these events or to view sponsorship information, please visit the NASCLA website at: http://www.nascla.org/page/AnnualConference

Become a Sponsor!

NASCLA’s 2019 Annual Conference Sponsors will be acknowledged throughout the 4-day conference. Sponsorship benefits vary by level of contribution but include:

- Logo Banner in Main Conference Room
- Digital Sponsor Advertisements
- Logo & Full Color Advertisements in the Printed Program Agenda
- Vendor Booth Display
- Special Notations throughout Conference
- Website Recognition

Thank you current NASCLA 2019 Annual Conference Sponsors!
The Investigative Fundamentals
This section will explore the fundamentals of the effective mindset to initiate, conduct and conclude investigations.

Safety Awareness Training
Investigators will focus on developing a safety mindset in the workplace and in their personal lives.

Interview Strategies
Investigators will have the opportunity to focus on all aspects of interviews of all witnesses.

Effective Report Writing
Curriculum includes choice of words, eliminating irrelevant information, being accurate, addressing all elements of violations, proof-reading and refining reports prior to submission.

Confident Testimony
In this segment investigators will be given the tools to eliminate the anxiety or testimony.

About the Speakers

Mike Franklin has been a practicing trial lawyer for 29 years and has worked for the Office of the Attorney General for the past 17 years. He has been the prosecuting attorney in hundreds of Administrative Hearings.

Doug Galbraith is a retired annuitant in the Enforcement Division serving as training coordinator. Doug is a 30-year veteran of the California Highway Patrol and retired as a Captain.

Mike and Doug have been working together providing training for the California Contractors State License Board staff for the past 6 years. They conducted the first NASCLA 1-Day Investigator Training Program in 2016 and 2-Day Investigator Training Program in 2018; NASCLA looks forward to having them back again in 2019!

To register or for more information, please visit the NASCLA website at http://www.nascla.org/page/AnnualConference
For questions, please contact Angie Whitaker, NASCLA Executive Director, at angiewhitaker@nascla.org or Kortney Jones NASCLA Program Coordinator, at kortney@nascla.org or via phone at (866) 948-3363.
NASCLA ATTORNEY TRAINING PROGRAM!

NASCLA will be conducting its third NASCLA Attorney Training Program in conjunction with the NASCLA 2019 Annual Conference scheduled from 12:30 PM - 4:30 PM on August 26, 2019 in Baltimore, Maryland. This training is a great opportunity for your agency/company’s attorneys to receive valuable information from top experts in legal matters. Continuing Legal Education (CLE) credit will be offered. Additional registration fee of $175 will apply.

**ETHICS**

Ethical decision making and strategies which reviews sources of ethical behavior, practical ethical decision making models and a matrix for making individual ethical decisions.

*Presented by: Amigo Wade, Senior Attorney, Principal at Virginia Division of Legislative Services*

**ROLE OF THE BOARD ATTORNEY**

Regulatory attorneys will understand laws meant to regulate licensees versus those intended to protect consumers from unscrupulous and unlicensed operators.

*Presented by: James Young, Deputy District Attorney in Orange County, California*

**ADMINISTRATIVE LAW**

Comparing and Contrasting successful administrative law processes and strategies for regulation of contractors in the construction industry.

*Presented by: James Young, Deputy District Attorney in Orange County, California*

**LEGISLATURE**

Being able to draft effective proposed legislation and regulations.

*Presented by: Amigo Wade, Senior Attorney, Principal at Virginia Division of Legislative Services*

**Who Will Benefit**

The NASCLA Attorney Training Program is designed for attorneys who are employed in a variety of contexts such as:

- In-house attorney with a regulatory agency;
- Staff attorney with an agency that provides legal services to many regulatory agencies;
- An attorney employed by an independent agency such as the Office of the Attorney General, and;
- An attorney in private practice who holds a contract to represent a regulatory agency.

Continuing Legal Education (CLE) credit is offered.

To register or for more information, please visit the NASCLA website at [http://www.nascla.org/page/AnnualConference](http://www.nascla.org/page/AnnualConference)

For questions, please contact Angie Whitaker, NASCLA Executive Director, angiewhitaker@nascla.org or Kortney Jones NASCLA Program Coordinator, at kortney@nascla.org or via phone at (866) 948-3363.
**History of Regulation**

This section covers why public protection is needed—individuals recognize and learn to appreciate how regulation came into being. It is hard to know where you are going if you do not know where you came from. Also addressed throughout this training is new trends in regulation.

**Roles and Responsibilities of a Board Member**

This session covers the role of a board member and how that differs from staff, and codes of conduct for board members who speak on behalf of the board. Also the importance of separating responsibility of public protection from protection of the profession and how to deal with the difficult/unprepared board member are explained.

**Competency Assessment**

As a board member, it is important to know what a board member needs to consider when determining eligibility for licensure. This portion of the training will be based on the important components of decision making as it relates to eligibility and licensure.

**Disciplinary Process**

Identifies the roles and responsibilities of board members and staff during the discipline process; what a board member needs to look at and consider during the discipline process, and options for resolution.

---

**About the Speaker**

Ms. Mooney-Haywood was educated and trained as a nurse, the majority of her professional career has been in the field of professional regulation. For a portion of her career she served on the Board of Nursing in North Carolina and Ms. Mooney-Haywood has spent 28 ½ years championing the cause of public protection. She truly believes that through professional regulation, the public is better protected, and professional standards are maintained.

Ms. Mooney-Haywood is the only individual that has served two (2) terms as President of CLEAR (The Council of Licensure, Enforcement and Regulation). Although, retired from the Board of Nursing, she continues to instruct several of the educational offerings: the Board Member Training Program; Executive Leadership Program; and she serves as an instructor in The National Certified Investigator Training Program (NCIT).

NASCLA Contractor Scholarship Program

The NASCLA Contractor Scholarship Program application is now open! The scholarship provides an opportunity for two construction trade students to be awarded a complimentary invite package to the NASCLA 2019 Annual Conference in Baltimore, Maryland. The scholarship includes travel arrangements, hotel, registration and $750 in cash. The opportunity provides industry-wide recognition, networking opportunities, conference mentor, the option to participate in a moderated panel discussion, and a certificate of attendance.

To review the eligibility and requirements please visit www.nascla.org/nasclascholarship.

New NASCLA Staff Members

Hannah Mount, Administrative Office Coordinator
Hannah joined NASCLA in October 2018. Hannah oversees customer service, processes and ships all NASCLA bookstore and purchase orders out of the NASCLA Warehouse, and maintains day-to-day office duties. Hannah graduated from Grand Canyon University with a Bachelor of Science Degree in Marketing in April of 2017.

Kortney Jones, Program Coordinator
Kortney joined NASCLA in November 2018. Her primary responsibility is to plan, execute and participate in NASCLA meetings and conferences. Kortney graduated from Northern Arizona University in 2017 with a Bachelors of Arts in Communication Studies and an emphasis in Organizational and International Communication. She has a strong background in Nonprofit as the Program Assistant and Volunteer Coordinator for Future for KIDS.

Linda Williams, Business Development Manager and Board/Committee Liaison
Linda joined NASCLA in January 2019. Linda assists with business development pertaining to all aspects of the association including, but not limited to, membership, education, partnerships and strategic development. Linda is a graduate of Johnson & Wales University with a Bachelor’s Degree in Hotel & Restaurant Management. Linda has 20 years of experience in business development, team management and strategic development.
Executive Secretary Joseph C. Rogers, Jr., AL, has Retired

After 15 years of service as the Executive Secretary of the Alabama Licensing Board for General Contractors, Joseph C. Rogers, Jr. retired in October 2018. Previous to serving as Executive Secretary, Mr. Rogers was Executive Vice President at Sterling Lumber & Supply Company and Vice President of Thomas Wood Products. While in the forestry industry, he served as State President of the Alabama Forestry Association. Before working in the lumber industry, Mr. Rogers worked with Alabama Power Company as a Marketing Engineer in the residential, commercial, and industrial markets. Mr. Rogers is a proud graduate of Auburn University receiving a Bachelor of Science degree in Agricultural Engineering.

Mr. Rogers served on the NASCLA Board of Directors for 14 years from 2004 – 2018 and was an influential part of the NASCLA Executive Committee as well as other NASCLA Committees over the years which exemplifies his loyalty, compassion and remarkable dedication to NASCLA. Mr. Rogers led the association as President in 2015 – 2016 where he displayed exceptional leadership; his wealth of history and knowledge has greatly contributed to NASCLA’s success.

His predecessor, Tiffany Loveless, was appointed to the NASCLA Board of Directors on March 8, 2019. Although we will greatly miss Mr. Rogers, we are looking forward to continuing our relationship with Ms. Loveless and the Alabama Licensing Board for General Contractors.

Another Notorious Contractor Who Scammed Flooded Homeowners Sentenced, Must Pay Restitution

LIVINGSTON PARISH, LOUISIANA - A man facing a slew of contractor fraud charges in three (3) parishes has been sentenced in one of them.

Michael Simmers was sentenced to 18 years in prison and three (3) years probation in Livingston Parish. He must also pay restitution to his victims. An amount for the restitution will be announced in the near future.

Police arrested Simmers last year after receiving numerous complaints from flood victims alleging he had taken money without completing work on the victims’ homes. Some homeowners said they were scammed out of as much as $50,000.

The Louisiana State Licensing Board for Contractors was contacted in reference to Simmers’ license and it was learned that he did not have one at the time the contract was signed and was not permitted to work as a contractor. He also later admitted that he did not have a contractor’s license.

AG STEVE MARSHALL WINS PRELIMINARY INJUNCTION AGAINST DANGEROUS AND DECEPTIVE PLUMBING OPERATION IN NORTHEAST ALABAMA

(MONTGOMERY)—Attorney General Steve Marshall announced that a Calhoun County Circuit Court on Friday granted a preliminary injunction against a plumbing operation that had conducted dangerous and deceptive practices in several northeast Alabama counties.

In the order, Judge Brian P. Howell found good cause to believe that defendants American Plumbing, Richard Joshua Pesnell, Jessica Pesnell, and Richard G. Pesnell had engaged in acts or practices that violate the Deceptive Trade Practices Act. The preliminary injunction extends protections that were put in place by a temporary restraining order the Court granted at Attorney General Marshall’s emergency request on August 3. The corporate defendants’ assets have been frozen and a receiver is in place to handle financial matters and accept claims from victims.

Attorney General Marshall was joined by the Alabama Board of Electrical Contractors, the Alabama Department of Public Health, the Alabama Liquefied Petroleum Gas Board, the Alabama Onsite Wastewater Board, and the Alabama Plumbers and Gas Fitters Examining Board. The State’s lawsuit was filed against a set of defendants operating as a common enterprise: American Plumbing and Septic Service LLC, American Plumbing and Septic Service, LLC doing business as American Drain Cleaning & Plumbing Service, and individuals affiliated as owners and incorporators, Richard Joshua Pesnell, Jessica Pesnell and Richard G. Pesnell. The State is seeking a total of $1.4 million in penalties and more than $118,270 in restitution for consumer victims.

Consumers should contact the receiver’s office directly by calling 786-347-2562 or 305-722-8895 or by sending emails to americanplumbingreceiver@klsg.com.* Due to a high volume of calls, consumers may sometimes reach voicemail and their calls will be returned. Letters may also be sent to the receiver, Jeffrey C. Schneider, and the receivership administrator, Ana Salazar, at Levine Kellogg Lehman Schneider + Grossman LLP, 201 South Biscayne Boulevard, 22nd Floor, Miami, FL, 33131. *If consumers have already contacted the receiver, there is no need to do so again unless they are seeking or need to provide additional information. “I am pleased that the Court has taken our concerns seriously and extended our ability to protect consumers from further harm,” said Attorney General Marshall. “We presented extensive evidence and numerous consumers testified at a three-day hearing. Many of these consumers were vulnerable and in dire need when they turned to the defendants for help, and instead, they were met with lies and exploitation. This case is an example of excellent teamwork among state agencies to protect consumers and stop these kinds of abusive practices.”

Jeffrey C. Schneider, the receiver appointed by the court to handle financial matters and assist consumers in this case, said “I am honored and privileged to serve as receiver for the benefit of the victims of these unfortunate practices. My office stands ready to provide information, answer consumer questions, and provide assistance as possible.” Despite the defendants’ advertised assurances of free estimates, senior discounts and promises to work with customers to guarantee their satisfaction, their actual practices as outlined in the State’s complaint tell a far different story. These include numerous instances of refusal to give an estimate when consumers repeatedly ask, charging exorbitant prices beyond anything earlier suggested when an estimate was given, claiming the need for huge repairs when they were called for minor jobs, starting major work without permission and leaving things torn apart for consumers to have to hire someone else to finish, pressuring consumers to take out loans and even taking out a loan in a consumer’s name without his knowledge or
permission, and intimidation tactics such as refusing to leave the consumer’s property when being told to go.

Furthermore, the defendants did not have required licenses to perform certain jobs and much of their work was substandard and created hazardous conditions.

The State’s lawsuit references 33 known victims in Calhoun, Talladega, Randolph, St. Clair, Etowah and Marshall counties. Other affected consumers are encouraged to contact the receiver.

James M. Morgan, Executive Director of the Plumbers & Gas Fitters Board, said, “This is a win for Alabama consumers. The State of Alabama Plumbers and Gas Fitters Examining Board and its staff are proud to have been a part of this effort by the Attorney General’s Office. We hope this sends a message to those who may not have the public’s best interests at heart.”

The Alabama Board of Electrical Contractors and its executive director, Keith E. Warren, congratulated the board’s attorney, Hendon Coody, and investigator, Mike James, as well as the Attorney General’s Office, the Alabama Department of Public Health, the Alabama Liquefied Petroleum Gas Board, the Alabama Onsite Wastewater Board, and the Alabama Plumbers and Gas Fitters Examining Board. Warren said, “The people of Alabama deserve to trust that businesses in this state operate legitimately and abide by the law, including being properly licensed for the work they are performing and being honest and truthful with consumers. It’s a great win for the people of Alabama.”

Attorney General Marshall commended the staff of his Consumer Interest Division and thanked the Alabama Board of Electrical Contractors, the Alabama Department of Public Health, the Alabama Liquefied Petroleum Gas Board, the Alabama Onsite Wastewater Board and the Alabama Plumbers and Gas Fitters Examining Board, for their dedication in moving this case forward to protect consumers. Additionally, Attorney General Marshall thanked the City of Anniston Building Inspection Services Division, the City of Oxford Building Department, the City of Jacksonville Building Division, Sheriff Matthew Wade and the Calhoun County Sheriff’s Office, and Chief Bill Partridge and the Oxford Police Department, for their invaluable assistance in this case.

Mike Lewis (334) 353-2199
Joy Patterson (334) 242-7491
NASCLA Accredited Electrical Examination Program

NASCLA is pleased to announce that the NASCLA Accredited Electrical Examination Program has been adopted by the following state agencies listed below! Administration has begun in Arizona through PSI Services, LLC.

- Arizona Registrar of Contractors
- Louisiana State Licensing Board for Contractors
- Mississippi State Board of Contractors
- South Carolina Contractors’ Licensing Board
- South Carolina Residential Builders Commission

NASCLA Accredited Examination for Commercial General Building Contractors

On March 5 - 6, 2019, a Subject Matter Expert (SME) meeting took place in Phoenix, Arizona at the association office to update the Job Analysis for the NASCLA Accredited Examination for Commercial General Building Contractors. Over the day and a half meeting, 10 SMEs were able to review the current Exam Plan, Task and KSA statements, editing, adding, and deleting statements for the examination outline. A national survey will be released in April to have licensed commercial general contractors rate the level of frequency and importance of the items to establish an updated examination plan by the NASCLA 2019 Annual Conference. Please look for an alert by NASCLA Staff on this Commercial Contractor Job Analysis Survey.

The Florida Construction Industry Licensing Board is now accepting transcripts for the NASCLA Accredited Examination for Commercial General Building Contractors!
**NASCLA Contractor’s State Licensing Information Directory 2019 Edition**

The *NASCLA Contractor’s State Licensing Information Directory* is a summary of contractor licensing requirements of the 50 states identifying more than 180 state agencies that regulate the construction industry. The directory summarizes the pre-qualification, licensing, examination and bonding requirements. Information regarding reciprocity, license classifications, incorporating requirements and fees is also included.

The *NASCLA Contractor’s State Licensing Information Directory 2019 Edition* was released April 5, 2019.

Price: $45.00 plus shipping
