

PACE-NE makes endorsements for the November election

The Political Action for Candidate Education Committee, Nebraska Chapter (PACE-NE) surveyed and endorsed several candidates for political office in July. The committee consisted of several NASW-NE members and was chaired by Jeff Mohr. Thanks to all the members who participated on the committee. The PACE Committee makes endorsements in three ways; an endorsement with a monetary contribution and recruitment of volunteers; an endorsement with a monetary contribution; and an endorsement without a monetary contribution. This year the committee made contributions ranging from \$100 to \$500. Surveys were sent to all the legislative candidates; not every candidate responded to our surveys. Thank you to members who have contributed to the PACE Committee. The following candidates were endorsed:
