What is Laughter Yoga?

Laughter Yoga is a unique exercise program which was developed in 1995 in India by physician Dr. Madan Kataria. He created these laughter exercises to combat stress and to promote health and well-being.

Laughter exercises are not based on jokes or comedy but rather, related to everyday situations. These exercises are easy to do and everyone can benefit, as long as participants have a willingness to laugh and follow the breathing techniques.

Laughter Yoga combines laughter exercises, breathwork and mindfulness meditation. The exercises are easy to do and they offer many benefits for body, mind and spirit. When practitioners breathe deeply and engage the diaphragm, it expands the arteries. The breathing and laughter help to increase oxygen flow to the body, providing benefits to the heart and brain.

Fifteen minutes of hearty Laughter Yoga helps to reduce cortisol (stress hormone) levels, regulates blood pressure, boosts endorphins (strengthens the immune system) , increases oxytocin (feelings of empathy, compassion and feeling loved) and serotonin levels (mood and motivation).

Laughter Yoga has been around for 24 years now and since Dr. Kataria started up his first laughter club in a local Mumbai park, this movement has spread to 108 countries and to 16'000 laughter clubs. Schools, hospitals, private recovery groups, the corporate world and older adult communities are excited about developing Laughter Yoga programs.

Laughter Yoga is non-religious and non-political.

Laughter Yoga for Happiness, Health & Peace.

Why train with Alexa?

If you google Laughter Yoga, you will find a lot of information and you will see many people out there doing great work with Laughter Yoga. So how select someone to train with?

Look for a person who has experience with lots of different groups AND **who runs a regular social Laughter Yoga club**. Find someone who **has led many trainings and can share their experiences with you**. Seek out someone who will not only train you but **who will be there for you when you need follow-up guidance and mentoring**. Select someone who is active with their daily laughter practice, who gives back to their community and who leads Laughter Yoga sessions with all types of groups (from kids to older adults, from the corporate world to prisons and with other private and specialty groups). Find someone who remains connected to Laughter Yoga International/Laughter Yoga University, to Laughter Yoga USA.Org and keeps abreast of the latest updates and news in the Laughter Yoga world. Choose to train with someone who's style you admire.

The first step to becoming a Laughter Yoga professional, is by taking the 2-DAY training to become a certified Laughter Yoga Leader (CLYL).

As a Laughter Yoga Master Trainer, Alexa has risen to the highest level in Laughter Yoga. She has trained people from all across the US and Canada. Since 2014, she has led 25+ trainings and has certified over 150 students. Many have gone on to start up successful laughter clubs in their communities and are leading professional Laughter Yoga sessions, presentations and workshops. Some are just happy to add more laughter to their personal lives. The laughter has helped them cultivate their joy, foster resilience and has helped with health issues, relationships and at work.

Others have used the Laughter Yoga in their work (social workers, teachers, medical professionals, motivational speakers, health coaches, etc.)

Some have also gone on to the next level and have taken the 5-day Laughter Yoga Teacher certification training.

Whatever you choose to do with your newfound knowledge, your new Laughter Yoga skills will give you the power to embrace life in a more positive light, with more playfulness, joy, enthusiasm, emotional intelligence and wisdom. Alexa would love to help make that happen and looks forward to laughing with you!

WHAT IS LAUGHTER YOGA- 5 POINTS

1. **Laughter Yoga is a unique concept where anyone can laugh for HEALTH REASONS, without relying on jokes, comedy or even a sense of humor.**
2. **We initiate laughter** as an exercise in a group and **with eye contact** and childlike playfulness. It soon turns into real and contagious laughter.
3. **The reason why** we call it Laughter Yoga is because it combines **laughter exercises with yogic deep breathing**. This brings more oxygen to the body and the brain, which makes one feel more energetic and healthy.
4. **Scientific studies** show that the **body cannot differentiate between real and voluntary laughter** if done with willingness. One gets the same health benefits, whether laughter is real or simulated.
5. **It was started** by a medical doctor, **Dr. Madan Kataria** from India, with just five people in a Mumbai park in **1995**. There are **thousands of laughter clubs in more than one hundred countries**.

WHY LAUGHTER YOGA- 3 REASONS

Many people ask why they should force themselves to laugh and what's wrong with just practicing natural laughter by responding to jokes, comedy and watching funny movies.

Here are three reasons why one must do Laughter Yoga to get maximum health benefits:

1. **Laughter should be sustained:** In order to get the scientifically proven health benefits of laughter, we need to **laugh at least 10-15 minutes**. It should be sustained laughter. Natural laughter lasts for 3-4 seconds at a time. It is not sufficient to bring about physiological and psychological changes in our body. Since Laughter Yoga is done as an exercise, we can prolong our laughter as long as we want.
2. **Laughter should be deep:** To reap the health benefits of laughter, laughter has to be heart and deep, coming from the **diaphragm**. It should be a belly laugh. It might not be socially acceptable to laugh loudly and heartily without any social implication but you will learn new techniques.
3. **Laughter should be unconditional.** Natural laughter that courses through our life depends upon many reasons and conditions, but the fact is that there are not many reasons which make us laugh. This means we invariably leave laughter to chance. If many happen, it may not. In Laughter Yoga, we do not leave laughter to chance, but do it out of **commitment**. This is a guaranteed way of getting the health benefits of laughter.
