

Parking for the NASW-PA Aging Symposium at West Chester University

Options:

- On-the-street metered parking
- Pay-on-foot garages (\$1.50 per hour) in very short walking distance – The Commons, Sharpless, and New Street

We recommend parking in The Commons Parking Garage since it is right next to the Sciences & Engineering Center and the Commons (SECC) building. The Commons garage is located at 124 N. Campus Drive, West Chester, PA 19383.

- To enter the Commons Parking Garage, you will need to enter the garage from the backside of the garage on N. Campus Drive, not from S. Church Street.
 - If you are coming off of 202 from S. High Street, follow the highlighted path. From S. High Street, turn left onto W. Rosedale Avenue, turn right onto S. New Street, and right onto N. Campus Drive. Follow until you get to the garage entrance.
- Take ticket from entrance kiosk and park, SECC building entrance is on Level 2.
- Before leaving, scan the ticket at a **pay on foot kiosk** (there is one located at SECC entrance) and pay.

Symposium is located in:

Sciences & Engineering Center and the Commons (SECC), 1st floor
155 University Ave, West Chester, PA 19383
