It's the Summer of Social Work!

That's right, here at NASW Indiana we’re looking at all the things we can do for our members and the services we can offer to better serve you. We know that the greatest resource social workers have is each other, and that's why membership in your professional organization is so important. As social workers, we make it what it is.

The NASW Indiana Chapter Mission is to advance professional Social Work practice and the profession, to strengthen human rights, social and economic justice, and ensure unimpeded access to services for all. We are social workers who work everyday to remove barriers and to support other social workers. Your membership makes that possible and helps guide our activities. Want to get more involved? Email us at info.naswin@socialworkers.org for more information! Need to renew your membership or join for the first time? Go to www.socialworkers.org/membership and sign up instantly! Here's to a great summer!

Help with Dissertation Research

As a part of clinical psychology graduate student Jessica Cowan's dissertation research, she is asking social workers across the US to complete a brief online survey pertaining to their knowledge and experiences related to eating disorders (eating disorder treatment experience is NOT required). This research is IRB approved. The survey is designed to take less than 15 minutes to complete. Participants will have an opportunity to enter to win one of two $50 Amazon.com gift cards and for the first 250 participants, $2 per participant will be donated to the National Eating Disorder Association (NEDA)*. Click here to go to the survey.
