(MA CEUs in Anti-discrimination) (RI CEs in Cross-Cultural)

4: Trauma Informed Care: Centralizing the Role of Relationship. Speaker: Pamela Szczygiel. A key component of trauma informed care is prioritizing the clinical relationship by developing safety and trust. This process is often marked with connections and disconnections. Let's explore how applying a relational approach to clinical encounters can help.

15: How Poverty Changes the Brain, Which Changes Everything. Speaker: Linda Riddell, MS. Come experience the workshop that puts your brain into poverty, revealing how your thinking and decision-making respond to scarcity. You will learn the basics of brain science, understand what some take for granted ("give no thought to"), and how that differs for people coping with poverty. In this workshop, you will learn how to listen and respond more effectively, improving your work with low-income families and clients. (MA CEUs in Anti-discrimination) (RI CEs in Cross-Cultural)

25: Grieving Families: Dynamics of Loss Across the Lifespan. Speaker: Dr. Tami Micsky, MSSA, LSW, FT. Grief is more than an individual journey. Loss experiences influence family dynamics and can transform family systems. This workshop uses a family systems approach to explore how loss affects individuals across the lifespan, enabling participants to better support families.

33: Building Better Futures: Implementation Science in Social Work. Speaker: Levin Schwartz, LICSW. This session explores evidence-based strategies for implementing complex clinical innovations like MOUD and PTSD treatment. Using the i-PARIHS framework, it highlights facilitation, stakeholder engagement, and sustainability in high-need treatment settings. (MA CEUs in Anti-discrimination)

52: Integrating ABA and Mental Health-The Better Together Model. Speakers: Krysten Feeney, MSW, LICSW, Mary O'Brien, MS, BCBA/LABA & Kayte Russell, LICSW. Discover how our model blends Applied Behavioral Analysis and mental health care to support youth with complex needs. Learn practical, inclusive strategies for building collaborative, trauma-informed teams that improve outcomes and promote equity in care. (MA CEUs in Anti-discrimination) (RI CEs in Cross-Cultural)

58: Supporting Trans Clients and Cultivating Joy in a Shifting World . Speaker: JT Timms, LICSW. We will explore how to support your clients in a shifting socio-political landscape, as well as how to help your clients build a toolkit for thriving not just surviving. In addition, we will discuss some practical steps for starting a gender affirming care program at your workplace. (MA CEUs in Anti-discrimination) (RI CEs in Cross-Cultural)

ON-DEMAND WORKSHOPS (1.5 CEUS PER WORKSHOP)

Advocacy in Action: Improving Sex Education in Our Schools. Speaker: Jamie Kluffs, MPH. More than 30 years of research shows that sex education works. Despite this evidence, condom use remains low, significant racial and ethnic disparities in teen birth rates persist, and incidents of sexual dating violence continue to rise in Massachusetts. This workshop will take a deep-dive into the current state of sex education in Massachusetts while helping social workers use their voices to drive change at the state and local levels. **(RI CEUs in Cross-Cultural)**

Bearing Witness, Taking Action: Navigating Moral Distress and Ethical Practice in School Social Work. Speaker: Dr. Tami Gouveia, DrPH, MPH, MSW. We'll explore the complex and often unseen challenges school social workers face, and the emotional and ethical weight that comes with this work. We'll talk honestly about how policies, limited resources, and systemic barriers create moral distress and even moral injury that impacts students and also our own well-being and ability to practice with integrity. **(RI CEUs in Professional Ethics)**

Expanding to Group Practice. Speaker: Julia Nepini. This training is for established solo practice owners that have considered expanding and adding clinicians. It will provide considerations, pros and cons, and steps as well as resources.

Cultivating Cultures of Belonging in Response to the Logics of Expulsion. Speaker: Dr. Alexandra Piñeros Shields, Associate Professor, The Heller School, Brandeis University. Dr. Piñeros Shields will discuss the impacts of the political and economic climate on various vulnerable communities. She will present various strategies at the micro level to protect those communities as well as institutional responses to ensure individual and community well-being. **(RI CEUs in Cross-Cultural)**

Helping Clients Manage Hidden Illness. Speaker: Jaclyn French, LICSW. This seminar will explore approaches to mental health treatment for individuals living with Long Covid and other less visible illnesses. The post-viral illness now commonly known as Covid includes a wide array of symptoms, including brain fog, memory deficits, fatigue, sensory disturbances, and more. **(RI CEUs in Cross-Cultural)**

Immigration Policy: Foundations & Implications for Social Work Practice. Speaker: Alexandra Weber, MSW, LICSW. This session introduces social workers to the fundamentals of U.S. immigration policy, including historical context, recent developments, and current legal categories. Through a social justice lens, participants will examine how immigration status affects access to resources, rights, and protections, and how policies intersect with the lived realities of immigrant families. **(RI CEUs in Cross-Cultural)**

Practice with Purpose: Policy-Informed Advocacy for Immigrant Communities. Speaker: Alexandra Weber, MSW, LICSW. In this session, social workers will learn how to translate immigration policy knowledge into purposeful advocacy, both in direct practice and at the systems level. With a focus on ethical responsibility, empowerment, and social justice, the training highlights how social workers can act as informed navigators and policy-aware changemakers for immigrant clients. **(RI CEUs in Cross-Cultural)**

Somatic Practice: Supportive Tools for Anxiety and Regulating the Nervous System. Speaker: Felice Winograd, RYT 500hrs. Learn ways for you and your clients to create resilience in body and mind during these times. By shifting the rhythm of the breath, moving the body and practicing body awareness, you'll learn how to support the vagus nerve, a large, important nerve that extends from the brain down through the entire body.

Trauma-Informed Healing Through Group Therapeutic Care. Speakers: Sandra Munier & Mia Edidin. A 90-minute interactive introduction to GPS Group Peer Support, an evidence-based, trauma-informed model that strengthens resilience and connection among social workers and the communities they serve. Participants will explore the principles that create safe and transformative group spaces, and learn how group therapeutic care can be applied in both client and professional peer support settings.

Continuing Education Credit: CE credit is provided by the NASW-MA Chapter; CEUs have been approved for Massachusetts and Rhode Island attendees.
