NASW-NC Continuing Education Approval/Endorsement Program

The North Carolina Chapter of the National Association of Social Workers (NASW-NC) has a procedure to endorse and approve continuing education (CE) courses for social workers with North Carolina clinical social work licensure and certification. The mission of the NASW-NC Approval and Endorsement Program is to champion the professional development of social workers. It is the goal of the program to certify sound, relevant, and appropriate CE opportunities for social workers in the state of North Carolina.

According to North Carolina administrative code 21 NCAC 63.0404(a), “continuing education for social work certification or licensure renewal shall be required to maintain professional knowledge and technical competency. Social workers shall obtain 40 contact hours of Board-approved continuing education credits in accordance with this Rule within each two-year renewal cycle. For purposes of this Rule, a “contact hour” is defined as time spent actually receiving education, excluding breaks.”

CE Approval – For Distance Learning Activities (Asynchronous)

NASW-NC CE Approval is a peer-reviewed process for distance learning activities that are asynchronous or not occurring in real time. Social workers who are licensed or credentialed in the state of North Carolina can obtain up to 20 hours of continuing education via distance learning activities for licensure or credential renewal.

All distance learning activities such as (but not limited to) online courses, home study courses, recorded webinars/seminars/conferences MUST be PRE-APPROVED by NASW-NC, NASW or its chapters or the Association of Social Work Boards (ASWB) in order for a North Carolina licensee can count for renewal CE. This approval is required by North Carolina administrative code 21 NCAC 63.0404. CE Endorsement – For Live, Synchronous Activities

NASW-NC CE Endorsement is a peer reviewed process that validates the appropriateness of live, synchronous continuing education. This includes in-person, face-to-face continuing education activities as well as live synchronous audio-video broadcasts allowing for real time interaction between the instructor and participants attending through electronic means.

Endorsement by NASW-NC is a way to increase your marketability as a quality continuing education provider. Such endorsement will be valuable in attracting social workers desiring state credentialing renewal and professional development.

CE Approval and Endorsement Application Process

Any individual and/or organization who offers quality, cutting-edge, relevant courses to social work professionals may submit a course for NASW-NC approval or endorsement reviewed by the NASW-NC Peer Review Committee.
NASW-NC Peer Review Committee

The NASW-NC Peer Review Committee is made up of seasoned North Carolina Licensed Clinical Social Workers in various areas of practice who review each endorsement and approval application.

The work of the Review Committee in approving CE courses is confidential, subject to disclosure within The CE Approval Collaborative upon request, as necessary to comply with assessment criteria. Disclosure outside of The CE Approval Collaborative will be subject to legal mandate, as advised by The CE Approval Collaborative counsel or a court of competent jurisdiction.

When reviewing an application, the Review Committee reserves the right to seek expert advice and relevant information from other external sources, provided that the Review Committee and the advisor keep such information confidential.

*Interested in serving on the NASW-NC Peer Review Board?*

To be considered for the peer review board, one must be a current NASW-NC member, hold a graduate degree in social work and have two years of post-LCSW clinical experience.

Why do we need licensed individuals on the peer review committee? Because we are verifying continuing education for individuals with licensure according to the state statute and rules for Clinical Social Work Licensure in North Carolina. The individuals on the peer review committee have to not only understand CE requirements for licensure but they have to have an understanding of what qualifies as relevant and acceptable content for licensed individuals.

Interested parties should send an email to education.naswnc@socialworkers.org.
