

Call for Workshop Proposals to Present at  
NASW-NYC's 6<sup>th</sup> Annual Social Work in the City Conference for the Profession

## **Amplifying Social Work for Generations**

Thursday, June 3, 2021

Masonic Hall

71 W 23<sup>rd</sup> Street (entrance on 24<sup>th</sup> between 5<sup>th</sup> and 6<sup>th</sup>), New York, NY 10010

NASW-NYC's annual continuing education conference has historically been a one-day conference that includes a morning presentation, morning and afternoon continuing education workshops, networking opportunities and sponsorship exhibits. It will provide participants the opportunity to gain up to **six (6) continuing education contact hours for LM/LCSWs**. Contact hours will also be made available, if possible, for **LMFTs and CASACs**.

In order to provide a more comprehensive experience for our attendees, NASW-NYC will strongly consider presentations that can provide a holistic lens across macro, meso/mezzo and micro levels while demonstrating relevance to this year's theme of "Amplifying Social Work for Generations." However, NASW-NYC will consider and review all proposals submitted for the conference.

**NASW-NYC encourages all presentations to include a lens that demonstrates respect, appreciation, and knowledge of race, diversity, oppression and intersectionality as it is related to their topic area. NASW-NYC also encourages presenters to review the [Grand Challenges for Social Work](#) to ensure that their presentation includes holistic and dynamic social work objectives, as well as [NASW's Social Justice Priorities](#) to ensure collaborative alignment with the Association's vision for the social work profession.**

We ask that interested presenters submit a **2-hour** proposal that can be one or a combination of the following topic areas:

1. The Individual

Current and emerging policy and community implications, interventions and/or evidence-based best practices for:

- Self (self-awareness, mindfulness, etc.)
- Direct practice
- Clinical practice

\*Presentations on clinical practice require that at least one presenter is an LCSW\*

2. The Community

Current and emerging trends, policy and community implications, best practices, skills and knowledge for:

- Community organizing
- Organizational leadership and management development
- Program development in organizations

### 3. The System

Current and emerging trends, policy and community implications, skills and information in:

- Advocacy and leadership
- Policy, government and research

Potential presenters are asked to consider whether their topics will be of limited interest to a narrow portion of the profession or whether it can be generalized and expanded to be of interest to many.
