

Per Diem Therapist position

Brooklyn Psychotherapy is a group psychotherapy practice opening a new location in Greenpoint, Brooklyn, with an already flourishing practice in Bushwick, Brooklyn. We are looking for experienced, conscientious, intellectually curious, reflective, independent clinicians to join our practice as soon as possible for at least 30 hours per week. Part-time, evening clinicians will also be considered. We need someone to provide individual psychotherapy sessions to individuals, couples, families, & children.

The ideal candidate has an LCSW/LMHC and at least + years of experience doing clinical work. Experience with couples, families, and children is a plus. Those using psychodynamic methods with openness to multiple modalities are appreciated. Must be comfortable working independently. Candidate will be required to work at least 3 evenings (from 5-9) or weekend day (any time) shifts per week. Please do not apply if you do not have experience doing psychotherapy sessions.

Our patients are motivated, enthusiastic, and involved in their therapy. We have unlimited referrals just waiting for you. There is very limited paperwork or case management. BP fosters a friendly, supportive, **intellectually-curious** treatment environment. We strive to provide affordable psychotherapy (we accept insurance), with a cozy, private practice-like atmosphere. This is an excellent opportunity for someone leaving agency work but looking to continue interesting clinical work, or a newer clinician looking to experience private practice with an eye to the future.

For fulltime employees, we offer competitive pay rates, incentive bonuses, health insurance, credentialing, 401k (with 4% match), commuter benefits, and pay for no-show clients, etc. Any therapist working fulltime who stays with us at least 1 year, is welcome to take their patients if they leave to start their own practice. We encourage your growth and success!

Please send cover letter and resume to Karen Costa, LCSW at karen@brooklynpsychotherapy.org

Thank you
