

The Bedford-Stuyvesant Family Health Center (BSFHC) is a patient-centered, team based multi-specialty practice that has a full-time opportunity available for a Licensed Clinical Social Worker-Registered (LCSW-R) in central Brooklyn. BSFHC has been providing affordable, comprehensive, outpatient medical and dental services in an outpatient setting for over 40 years. As a Federally Qualified Health Center (FQHC), BSFHC serves all of the primary health care needs of families in the heart of North and Central Brooklyn. Our mission is to provide the most professional, courteous and highest quality health care, with dignity, to those we serve, especially the undeserved population, without regard for ability to pay. In addition to operating the Health Centers, we operate in School-Based Health Centers to increase the accessibility and availability of quality primary and preventive physical and mental health care to pre-school, elementary, middle and secondary school students in high-risk areas of Bedford-Stuyvesant, Brooklyn.

We are seeking a Licensed Clinical Social Worker-Registered (LCSW-R) to provide quality, competent, safe and compassionate care based on established standards in a patient-focused preventative and treatment care. LCSW-R must have strong knowledge of the DSM –V, including a strong understanding of psychosis and OCD. Recovery oriented and trauma informed. Well versed in Motivational Interviewing techniques, Cognitive Behavioral Therapy, and Behavioral Activation.

Responsibilities include but not limited to:

- Provide screening, diagnoses and evidence-based therapy to clients and provide individual, family and group psychotherapy in a variety of settings.
- Must have an understanding of the Diagnostic and Statistical Manual of Mental Health Disorders (DSM –V).
- Conducting intake assessments, counseling, and collaborating with other programs to provide appropriate clinical services and facilitate communication.
- Advocating for and assisting clients in navigating the service delivery system, providing information and referral services as needed, and serving as a liaison with various social service agencies, including mental health clinics and hospitals, to ensure receipt of appropriate clinical and related services.
- Utilizes the social work interventions in providing case management services, and improved patient management across the continuum of care for chronic diseases

Education/Experience Required:

- Master's Degree in Social Work
- Licensure required - Valid NYS LCSW-R
- 4 years experience
- Bilingual (English/Spanish) a plus
- Experience working in an environment that provides Individual/Group Therapy
- Strong communication skills, both written and verbal
- Sensitivity to cultural, religious, racial, disability, and gender issues.

Other Related Skills/Experience:

- Experience/An understanding of eClinical Works is helpful.
- The ability to demonstrate teamwork and effective interpersonal relations skills is imperative.
- Excellent written/oral communication and computer skills are required.
- Ability to foster and maintain a positive working relationship in a multidisciplinary team and clients

Benefits Overview: We offer attractive compensation with comprehensive benefits including: Medical, 401k Retirement Plan with discretionary Match, Free Life Insurance and Long-Term Disability, **Loan forgiveness program** up to \$50,000, Transportation Plan, Generous Paid Vacations and Holidays.
