

Dear NASW-NYC,

YOUR advocacy matters and makes a difference! Thank you for your ongoing commitment to ELEVATE Social Work and for responding to the call for action! A few weeks ago, we communicated to you about our initial opposition to AB 670 Bronson/ SB 6212 (Kennedy), a bill that sought to require blanket health insurance policies to provide coverage for outpatient treatment by mental health practitioners licensed pursuant to Article 163 of the Education Law, and one that initially excluded licensed clinical social workers (LCSW) in the state. YOU organized and responded to the call and YOUR voice was heard! Because of YOU, the Assembly version has been amended! We expect the Senate version will soon be amended as well. Stay tuned for further alerts. We can all hold the calls to our legislature for now. #NASW-NYC #SocialWorkintheCity #SocialWorkisAdvoacy #Elevate #StrongerTogether
