

Rebuild Texas and NASW/TX

Counseling Agreement Form

Explanation: This form is posted along with the training registration form and must be signed by the participant prior to enrollment in the Trauma Informed Care Training Workshop. This signed agreement is a prerequisite for enrollment.

I _____ (participant's name and license credential) agree that in exchange for training on Trauma Informed Care and Supervision Support at no cost to me, to see 3 clients who have survived Hurricane Harvey. These three clients will be either referred to me by Rebuild Texas, local community-based agencies, NASW/TX or other relief organizations. One of these clients will be seen at no charge to them for at least 8 sessions either in person or via telehealth software. Rebuild Texas/NASW/TX will provide a small stipend to see this client and may reimburse some travel expenses. If the client is seen via telehealth, Rebuild Texas/NASW/TX will make available to the participant a HIPPA compliant, encrypted software program for this purpose. I further agree to see this one individual and they must be low income with an emphasis on first responders.

I further agree to see at least 2 more clients for a minimum of 8 sessions each on a sliding fee scale provided by NASW/TX with a priority for first responders.

I agree to provide reports and details (no client identifying information) as requested by Rebuild Texas/NASW/TX to verify mileage, stipend, sessions provided, etc... to discharge the obligations aforementioned in this agreement in order to receive the free training, supervision and CEU's.

If I fail to meet the stipulations for the free training, I understand that I will not receive CEU's for the session and may be billed for training and supervision fees.
