

ALUMINUM SHIELDS

6" CAS SHIELD

Cerda Industries' light-weight steel frame aluminum shields are now available with 6" thick walls.

When you need the performance of a large steel shield, the 6" CAS Series saves weight when compared to the same size steel shield. It may provide you with a little more reach using your available equipment.

60 inches of Pipe Clearance

CAS SHIELDS									
MODEL	SIZE		PIPE CLEARANCE	WEIGHT (lb) (est)	SHIELD CAPACITY (psf) (est)	DEPTH RATING			
	H	L				A-25	B-45	C-60	C-80
CAS-SF6-0816	8'	16'	60"	6,503	900	40	25	20	16
CAS-SF6-0820	8'	20'	60"	7,754	724	32	19	16	13
CAS-SF6-0824	8'	24'	60"	8,868	712	32	19	16	13

8" Sch 80 Pipe Spreaders (non-adjustable). Custom shield sizes available on request.
