

*Zero Is
Our Goal!*

Zero deaths.
Zero injuries.
In every trench.
Every day.

**SHORE UP
FOR SAFETY
WEEK**

May 4-8, 2026

WHAT IS "SHORE UP FOR SAFETY"?

NAXSA's Shore Up for Safety Week mobilizes stakeholders nationwide as lifesavers, with a goal of zero deaths and injuries, in every trench, every day.

Once a year, we promote excavation shoring safety awareness and training through a week filled with hands-on activities for contractors and crews.

Join us! Focus a full work week on reaching as many contractors and workers as possible, delivering critical information about the proper use of shoring systems.

WHAT IS A "SHORE UP FOR SAFETY" EVENT?

Any excavation safety training, competent person class, toolbox talk, safety meeting, or presentation.

WHO CAN PARTICIPATE?

Everyone who wants to make safety a top priority in job planning and create a strong job site safety culture. *Everyone* who wants to put safety awareness back into job planning.

HOW DO I GET MY TOOLKIT?

Simple tools and resources to plan your week, along with materials to support it, are one click away!
