NCAN's research documents the prevalence of “unaffordability” at public two-year and four-year institutions for students from low- and moderate-income families. The following charts demonstrate the affordability landscape of postsecondary education. When net price and emergency expenses are not covered by subsidized loans and student earnings from part-time employment, NCAN defines the remaining deficit as an “affordability gap.” In instances where the sum of loans and wages equals or surpasses the sum of net price and emergency costs, we refer to the surplus as “an affordability margin.”

**Percent of Affordable Institutions (2021-2022)**

- Massachusetts: 88%
- United States: 63%

**Average Affordability Gaps & Margins (2021-2022)**

- Massachusetts:
  - 2-Year Institutions: -2,256
  - 4-Year Institutions: -2,142
- United States:
  - 2-Year Institutions: -2,914
  - 4-Year Institutions: -2,256

**Average Undergraduate Grant Aid (per FTE)**

- Massachusetts: $653
- United States: $718

### Pell Grant

The **Pell Grant** is a federal need-based aid award that helps millions of students annually.

**State grant programs** are crucial for college access and success, and can be based on financial need, merit, or a variety of factors.

There are **93,809** Pell Grant recipients in Massachusetts.

Massachusetts receives **$404,380,121** in Pell Grant funding each year.
