The North Carolina Chiropractic Association sponsors 50-hour basic X-ray training programs for chiropractic assistants. The classes meet the minimum requirement for basic X-ray proficiency as directed by the North Carolina State Board of Chiropractic Examiners (NCBOE), effective July 1, 1990. Exams will be given under the auspices of the NCBOE. Each module provides the attendee with the required knowledge and training to assist the doctor of chiropractic in taking and processing X-rays of the appendicular and axial skeleton.

**Registration & Cancellation Fees:** A cancellation must be submitted in writing. Cancellations received prior to the start of each Module will incur a \$50 cancellation fee. Cancellations received after the attendance of one or more classes will incur a \$75 cancellation fee after proration.

# CA X-Ray Recertification (6-Hour)

## Already X-Ray Certified? Check It Out!

### You asked and we delivered!

The NCCA has a new online 6-hour x-ray recertification class format. This online class is now divided into three 2-hour sessions that you can do at your own convenience and pace.

### How does it work?

#### Step One: Register for the class

- Option one: Fill out the form below and fax it to the NCCA.
- Option Two: If you know your online log-in to ncchiro.org, you can go online and register under the Event Calendar. (please note that you must be logged-in as the person who is taking the class)

#### Step Two: Submit Payment

- After Payment is processed via online or faxed form, you will be sent the class links to the e-mail you registered with.

#### Step Three: Start Classes at anytime!

- Once you receive the links via e-mail, please read all of the instructions. Then simply start taking your online classes on your own schedule. It's that easy!

### Online 6-Hour X-Ray Recertification Pricing:

CA Academy Members: \$95 | Non-Member CAs: \$125

\*refunds incur a \$25 processing fee. Unused credits can be transferred.

The NCCA offers 6-Hour X-ray Recertification for CAs who have completed the 50-Hour Basic X-ray Certification Program. Once you are certified, you must attend one 6-hour recertification class every calendar year after your certification year. The classes will review physics, positioning, and methods of improving radiographic quality.
