Utilities Face Greater Challenges Than Ever Before
Find tools to help with improving water quality, optimizing distribution and protecting public health. AWWA Utility Membership provides you with the resources to train qualified staff, implement best practices and learn from the best experts in the industry.

➤ Be prepared for what’s next in the water sector
➤ Improve your organization’s performance with AWWA Standards
➤ Sharpen your staff’s technical expertise
➤ Educate the public on the value of water service
➤ Stand with water utility leaders to influence smart water policy

About AWWA
Established in 1881, the American Water Works Association is the largest nonprofit, scientific and educational association dedicated to managing and treating water, the world’s most important resource. Through membership, AWWA creates products, services and information that help utilities with day-to-day operations, inform the public, improve public health, protect the environment, strengthen the economy and enhance our quality of life.
Be Prepared
To help you stay ahead of issues, AWWA Alerts and Advisories provide insight on developments that can impact the management and operations of your utility, such as the following:

➤ Breaking news stories
➤ Technological developments
➤ Regulatory updates
➤ Proposed legislation

When appropriate, talking points are provided to help you communicate effectively with customers, the media, city officials, board members and other key stakeholders.

Improve Performance
Lay the foundation for quality by applying water-sector requirements to infrastructure design and utility operations. A complete library of AWWA Standards is included with your membership, along with regular updates.

Water professionals must increasingly manage water in all its stages. AWWA has the information and experts to help you effectively and efficiently manage water from source to tap to reintroduction into the environment. Access Resource Communities to see the breadth and depth of resources available to you at www.awwa.org/solutions.

Safety Training Tools
Present weekly required safety training to your team using Let’s Talk Safety: 52 Weeks on Common Utility Safety Practices. You receive an annual update to begin each year.

Access AWWA Standards
An AWWA Standards license is included with your membership. AWWA has developed 170+ voluntary use standards containing requirements for materials, equipment, plant operation and management practices used in water treatment and supply. AWWA Standards are:

➤ Developed by industry consensus
➤ Subjected to a rigorous formal approval process
➤ Most used in the industry
➤ ANSI approved

WIFIA loans to support $5 billion in projects

When AWWA came up with the concept of the Water Infrastructure Finance and Innovation Act several years ago, the Association knew WIFIA had the potential to spur billions of dollars in critical water infrastructure projects. Fast forward to 2017, and the demand for WIFIA loans had already surpassed available federal dollars. At the outset of 2018, USEPA was considering 12 potential WIFIA loan applications that could support more than $5 billion in projects. WIFIA seems well on its way to assuring aging water infrastructure will be “buried no longer.”

Sharpen Staff Skills

Ensure your team’s knowledge is on par with its responsibility. Extensive training opportunities exist within your region both in-person and online. All utility employees may access a discount of up to 40% on technical training materials, books, CEU-qualified courses, and more.

Assign Individual Membership to an allotted number of staff so they will receive the following:

➤ Water Utility Insider Newsletter
➤ Journal – American Water Works Association Magazine
➤ Opflow Magazine
➤ AWWA Connections Newsletter
➤ Section Membership
➤ Voting rights and more

Discounts and memberships help retain and attract new employees by showing you are invested in furthering their careers in the water industry.

Local Training at Your AWWA Section

Your Section is your local connection to AWWA and provides:

➤ Local events and conferences / CEUs
➤ Region-specific news and information
➤ Ways to directly impact local water issues
➤ Connections to water professionals to share best practices

Buried No Longer® is an online economic forecasting tool for pipe repair and replacement.

Utilities enter data and the tool provides cost-estimates under a base model as well as built-in financial deferrals. The output data can be broken out by pipe size or pipe material categories.

“The BNL tool is useful in assisting small/medium-sized utilities that may be struggling to communicate capital planning, deferred maintenance, and asset management with local policy leaders and the public. The flexibility in the data inputs, such as decade profiles, is very helpful in supporting systems with limited inventory documentation to benefit from BNL.”

- John Alston, Water/Sewer Operations Superintendent, City of Bozeman Water Department

Benefits

Your benefits package includes:

- Robust suite of communications and tools
- AWWA Standards License
- Guaranteed number of Individual Members
- Discounts for all employees

AWWA Standards License

AWWA Standards describe the minimum requirements for products and processes used in the treatment and supply of water. An AWWA Standards license supplies your organization with a full library of Standards and all updates distributed in a given year.

I would like to receive AWWA Standards.

I do not wish to receive this benefit.

Individual Memberships

Assigned employees receive full benefits including periodical subscriptions, Section membership, voting rights and more. Your allotment of members includes the main contact for the membership listed on this application. Please send a list of assigned members to membership@awwa.org and include full name, title, address and email.

AWWA will follow up with the main contact to complete your benefits selection process.

Tell Us About Your Company

All applicants must complete this section.

What one business activity best describes your company? (Please check only one)

- A Public Water Supply Utility—Municipally Owned
- B Public Water Supply Utility—Investor Owned
- C Government—Federal, State, Local
- D Consulting Firm
- E Contractor
- F Private Industrial System or Water Wholesaler
- G Manufacturer of Equipment & Supplies (including representatives)
- H Distributor of Equipment & Supplies (including representatives)
- I Educational Institutions (faculty & students), Libraries and other related organizations
- J Fully Retired
- K Research Lab
- L Other allied to the field (please specify) _____________________________

What one category best describes your company’s field served/principal activity? (Please check only one)

- 9 Both Water Supply & Wastewater
- 5 Water Supply Only
- 7 Wastewater Only
- 3 Other

What one category best describes your job title? (Please check only one)

- A Executive (General Manager, Commissioner, Board Member, City Manager, Municipal Supt., Mayor, President, Vice President, Owner, Partner, Director, etc.)
- B Management/Non-Engineering (Division Head, Section Head, Manager, Dept. Head, Comptroller, etc.)
- C Design and Engineering/Both Managerial and Non-Managerial (Chief Engineer, Civil Engineer, Mechanical Engineer, Elect. Engineer, Environmental Engineer, Planning Manager, Field Engineer, System Designer, etc.)
- D Scientific/Non-Managerial (Chemist, Biologist, Biophysicist, Researcher, Analyst, etc.)
- E Purchasing (Purchasing Agent, Procurement Specialist, Buyer, etc.)
- F Operations (Foreman, Operator, Maintenance Crewman, Service Representative, etc.)
- G Marketing & Sales/Non-Managerial (Market Analyst, Marketing Representative, Salesperson, Sales Representative, etc.)
- I Professorial (Educator, Teacher, etc.)
- Z Other (please specify) ______________________________________________________

Dues rates valid through December 31, 2018. Dues are not deductible as charitable contributions for income tax purposes. The following is for USPS periodical mailing requirements only. In some AWWA Sections, a portion of the Section allotment equal to 50% or more of the domestic subscription rate charged for the Section periodical will be allocated toward a subscription to that periodical. Allocation for each publication recipient authorized—Journal - American Water Works Association—$50; Opflow—$16. Members with APO/FPO addresses will receive e-periodicals only. Print periodicals may be purchased for an additional fee. NOTE: Members’ phone numbers and email addresses are protected under AWWA’s Privacy Policy.
Educate Your Community

Never has reaching out to customers and establishing relationships with media been more important in the water profession. AWWA’s Public Affairs Council and professional Communications staff provide tips to keep you fluent on developing issues while offering outreach tools to support your ongoing efforts to connect with customers. AWWA provides:

➤ Public Affairs Advisories on media issues
➤ Drinktap.org Consumer Site
➤ Drinking Water Week Resources
➤ Outreach Campaigns

Shape Smart Water Policy

Share your comments and help shape smart policies based on sound science. The Water Utility Council and AWWA’s Government Affairs Office work hard to make sure your voice is heard in legislative and regulatory matters. AWWA Sections gather feedback from members and reach out to local officials year round.

Joining AWWA has opened a door to great resources for our utility. We have attended great Water Operator training and purchase recommended books all at a discount! We have received several emails telling us about important legislative changes that could affect us. It feels like we are now more connected to other utilities.”

Trish Winners, Assistant to the Director of Utilities, Alaska
