Book Order Policies & Procedures

As of January 1, 2013, NC AWWA-WEA is no longer fulfilling book orders by shipment. Instead, we are offering school attendees the ability to purchase their books in advance of these events and pick them up onsite.

Depending upon inventory availability there may be a very limited number of books available for onsite purchase at schools. Once an item is sold out onsite, you should visit our website for a list of book vendors.

Book purchases are nonrefundable.

If you prefer to order the recommended books and receive them before the beginning of an event, a list of books with their ISBN numbers and potential vendors is available at www.ncsafewater.org/Bookstore.
