#### **[Analysis Group](#)**

Analysis Group is one of the largest international economics consulting firms, with more than 1,000 professionals across 14 offices in North America, Europe, and Asia. Since 1981, we have provided expertise in economics, finance, health care analytics, and strategy to top law firms, Fortune Global 500 companies, and government agencies worldwide. Our internal experts, together with our network of affiliated experts from academia, industry, and government, offer our clients exceptional breadth and depth of expertise.

Analysis Group's energy and environment practice area is distinguished by expertise in economics, finance, market modeling and analysis, regulatory issues, and public policy, as well as significant experience in environmental economics and energy infrastructure development. Our consultants have worked with a wide variety of clients, including energy producers, suppliers, and consumers; utilities; regulatory commissions and other public agencies; tribal governments; power system operators; foundations; financial institutions; and start-up companies.

#### **[BOND Civil & Utility Construction, Inc.](#)**

BOND Civil & Utility Construction, Inc. (BCU) is the Northeast's premier general contracting company offering coordinated project delivery and self-performing civil & utility services. BCU has been a privately owned and operated business since 1907 and is headquartered in Medford, MA with offices in Providence, RI, New Haven, CT, and Bronx, NY. BCU has worked with clients across the Northeast providing Electrical Transmission & Distribution, Gas Transmission & Distribution, District Energy, Power Generation, and Energy Infrastructure construction services.

As the Northeast's most trusted full-service natural gas pipeline, facilities and LNG contractor, BCU delivers gas transmission, distribution and LNG related projects throughout New England, NY, NJ and PA for major gas transmission and distribution companies such as Spectra Energy, National Grid, Columbia Gas, Kinder Morgan and Eversource. BCU has played a significant role in the construction of many of the region's power generation projects including Salem Harbor Footprint Power, Pilgrim Power, Vermont Yankee, Mystic Generating Station, Kendall Square Station, Gillette SMBC, Fore River Generating Station, and Watson Generating Station among others. In the District Energy space, BCU continues to provide complex and challenging solutions to our Academic clients to upgrade existing central utility plants and

distribution systems for customers such as Harvard University, MIT, University of Connecticut, Brown University, and many others. BCU has also delivered major regional underground electrical infrastructure and substation upgrade projects associated with NEEWS (New England East West Solutions) including the NSTAR 345kV Transmission Reliability Project in Massachusetts, and the Middletown to Norwalk 345kV Transmission Project for Eversource in Connecticut.

BCU prides itself on understanding client expectations and exceeding them. We provide expert work by seasoned professionals and service our clients with collaborative, responsive managers. Safety, Quality Control, and conscientious oversight of environmental issues are key factors in BCU's high level of performance.

### **Columbia Gas**

Columbia Gas of Massachusetts, a subsidiary of NiSource (NYSE:NI), delivers clean, affordable and efficient natural gas to 325,000 customers in southeastern Massachusetts, the greater Springfield area and the Merrimack Valley. Headquartered in Westborough, Massachusetts, the company is the largest gas-only provider in the state and is one of NiSource's seven regulated utility companies. NiSource is one of the largest fully-regulated utility companies in the United States, serving approximately 3.5 million natural gas customers and 500,000 electric customers through its local Columbia Gas and NIPSCO brands. More information about Columbia Gas of Massachusetts and NiSource is available at [www.ColumbiaGasMA.com](http://www.ColumbiaGasMA.com) or [www.nisource.com](http://www.nisource.com).
