

How to Print Your Membership Card

If you wish to carry your ANG membership card with you, to present at shops that give discounts to ANG members or for other reasons, you can easily print it.

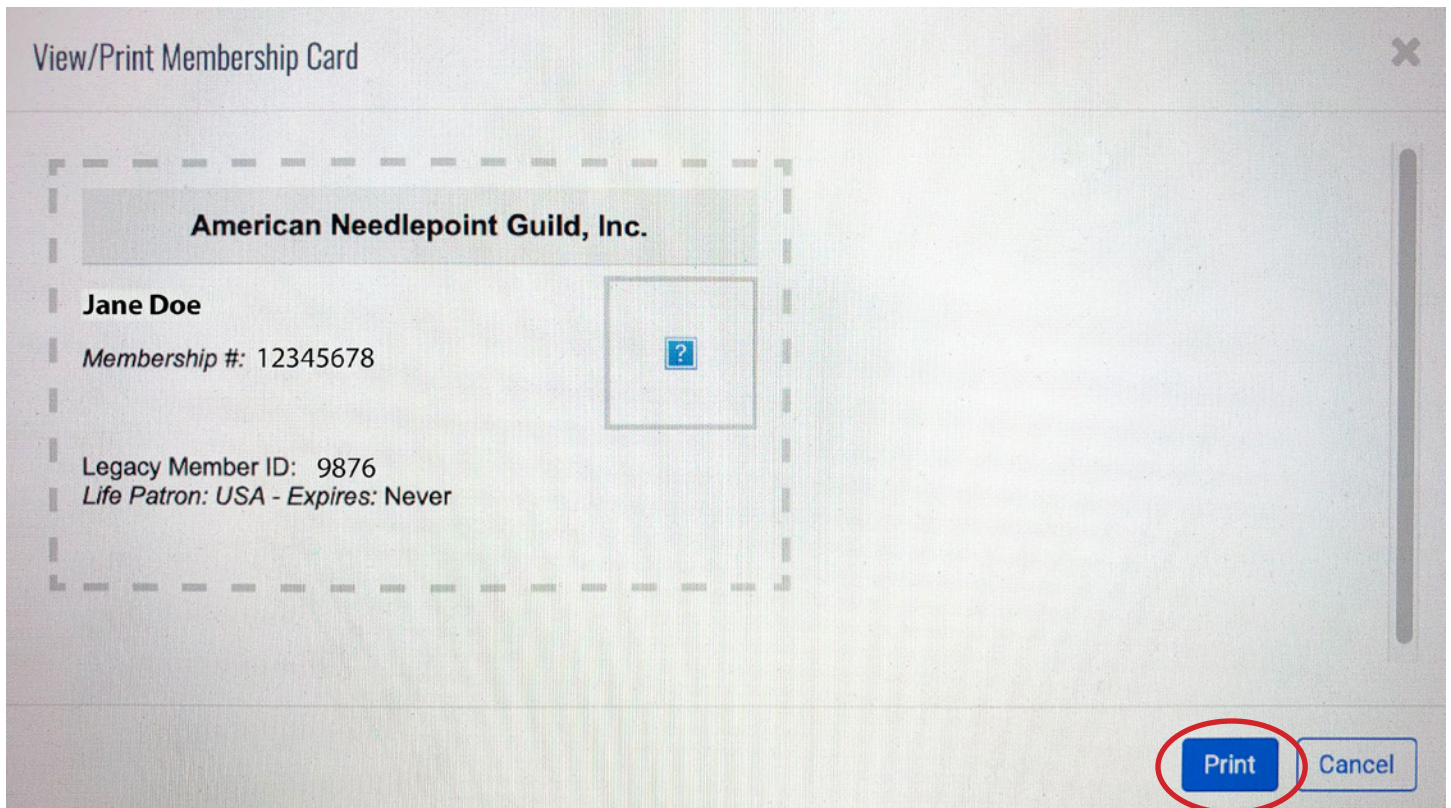

Begin by logging into the ANG website. Then click on **Membership Info** as shown below.

If necessary, click on **Payments and History** on the left and **Membership** on the top right. Then click on **View/Print My Membership Card**.

The box with a question mark in it contains the image that you have (or have not) set up on the website. The membership card will contain your membership number and your legacy number if you had one, and also gives your expiration date. Jane Doe is a Life Patron, so her membership has no expiration date. Click on **Print** and that will generate a pdf file with your membership card. That file can then be downloaded to your device and/or printed.

This is the pdf version of your membership card.
