

Course Lists for Each Day

Your courses are the center of your Summer School program experience!

"I thought the number of training opportunities was very helpful. I appreciated the number of different presentations I was able to attend and the variety of the trainings. It was really a lot of material presented in 4 days. Great value for the cost. I felt like I walked away with a lot of information."

– Previous Summer School Participant

The following pages contain a list of courses offered each day at the 2018 New England School of Addiction and Prevention Studies. Courses have been assigned into special focus areas that may be of interest to people who are working in a particular discipline, or for those who wish to focus on a certain content area/track during their time at the program. Most people take one different course each day, but a small number of intensive courses meet for two, three, or four days. Multi-day courses are noted in their title and description.

Schedule: Courses meet during the day or days indicated after the course number:

- **M = Monday Afternoon (June 4 from 2:30 p.m. – 5:30 p.m.)**
- **T = Tuesday (June 5 from 8:30 a.m. – 3:45 p.m.)**
- **W = Wednesday (June 6 from 10:00 a.m. – 5:15 p.m.)**
- **Th = Thursday (June 7 from 10:00 a.m. – 4:30 p.m.)**

For example, a course numbered 121.M is a one-day course that meets Monday afternoon. A course numbered 223.T is a one-day course that meets on Tuesday. A course numbered 241.T.W is a two-day course that meets on Tuesday and Wednesday. A course numbered 191.M.T.W.Th is a four-day course that meets on Monday, Tuesday, Wednesday, and Thursday.

Only the four-day multi-day courses begin on Monday morning. If a course meets Monday morning, that information is noted with the course's description.

Once you have identified the courses that most interest you, it is important to spend some time reviewing the course description document. Descriptions provide an overview, learning objectives, and suggested target audience and content level. Course Descriptions may be downloaded or viewed at <http://www.neias.org>. Under the "Summer School" menu, look for the "Course Descriptions" link.

On your registration, you will select one course and one backup course for each day. A backup choice is important because occasionally a course fills or has to be cancelled due to circumstances beyond our control. **If you select a multi-day course, you must attend that course for each day that it meets.**

After you have selected your course for each day AND a backup course selection for each day, register for the Summer School at <http://www.neias.org>. Under the "Summer School" menu, look for the "Registration" link. Further overall schedule information, including plenary schedule, may be found under the "Schedule" link under the "Summer School: menu.

Monday Courses meet from 2:30 p.m. – 5:30 p.m.

Focus Area	Course #	Course Title
Substance Use Disorder Fundamentals	401.M	Etiology and Epidemiology of Addiction
Addressing Health Disparities	410.M	Gender Matters!: Resources and Strategies to Implement Gender Responsive Services for Clients with Substance Use and Co-Occurring Disorders Using SAMHSA's Training Tool Box
