Patent Information Form

Background

This form provides NENA Committees with information about the IPR status of techniques used in or proposed for incorporation in a Deliverable as that term is defined in the NENA Intellectual Property Rights (“IPR”) Policy, available at www.nena.org/ipr. Anyone with knowledge of any granted or pending patents affecting the use of NENA Deliverables, of their own or of any other entity (“third parties”), is strongly encouraged to submit this form as well.

This information will be maintained in an “IPR List” during the progress of work by a NENA Committee, on a best-effort basis. If a given technical proposal is not incorporated in a Deliverable, the relevant patent information will be removed from the IPR List. The intent is that NENA experts know in advance of any patent issues with particular proposals or techniques, so that these may be addressed well before a standard reaches final approval.

This Patent Information Form is provided to NENA for information only, on a best-effort, good faith basis. No patent search is required. Submit corrected or updated forms if your knowledge or situation changes.

Return this form to the Committee Resource Manager via email (preferred) at crm@nena.org or fax at 202.618.6370.
