

I am Erin Malloy, ENP, your current NENA Northeast Region Director. I have served three years on the NENA Executive Board and I am currently seeking re-election for a second term.

I have been in the public safety communications profession for 22 years. My tenure in the 911 industry has included positions from Telecommunicator through Director. I am the current NENA Membership Committee chairperson; increasing membership is one of the main goals for both myself and NENA. As a member, you – every member – are an essential part of the success of NENA.

As a member of the NENA Executive Board, I have three main goals I wish to focus on.

- My first goal is to work diligently to promote the continued progression of the initiative to have every 911 telecommunicator reclassified as Public Safety professionals.
- My second goal is to have the 911 Centers across the entire nation to continue to move forward with NextGen 911 implementations to provide the most current and state of the art technology for the first responders and citizens we serve.
- My third goal, and possibly the most important to me, is to be a regional director who is open and approachable to listen to the needs and concerns of you, the membership.

I would appreciate your support and vote in the upcoming election to continue to serve as your NENA Northeast Region Director.

Thank you for your support

Erin Malloy, ENP

Northeast Region Director NENA
