

## Allied Industry Membership

The Nevada Veterinary Medical Association (NVMA) is proud to offer a unique opportunity for those companies who provide services and products to veterinary professionals. If your business plan includes increased contact with veterinarians, more opportunities to promote your products and the chance to widen your circle of prospective clients, then you should consider membership in the NVMA.

The NVMA is very aware of the importance of "community" and we want you to be a part of our ever expanding veterinary community. Our goal is to provide our veterinary professionals with valuable information and assist you in growing a successful business. The NVMA believes in the power of strong allied industry partnerships and has opened its membership to include representatives of veterinary related businesses. We encourage our veterinarian members to consider our allied industry members first when searching for options for their business needs.
