Residential Component Based Calculation Task Group
Thursday, April 5, 2018 – Conference Call
2:00pm EDT
Chair: Steve Strawn, JELD-WEN
Co-chair: Margaret Webb, IGMA

1. Call to Order by J. Baker at 2:02pm
   a. Appoint recording secretary (Staff)

2. Review and approve agenda
   a. Agenda approved as presented

3. Review RCBC Task List
   a. Grids – Manufacturers
      i. No new research provided post spring meeting in St. Louis
      ii. J. Hayden proposed to use the data J. Baker has submitted and no additional work required; close out this action item and approved by TG.
      iii. To use Spreadsheet results on webpage and summarize in the white paper.
   b. Skylights – Intertek / UL
      i. No new research provided
      ii. Changed due date to May 5th
      iii. Determine how many product lines are needed for research to satisfy TG?
   c. SWGD & BBG – Manufacturers
      i. No new research provided
      ii. Blinds data has been present by J. Baker. The TG has discussed and is satisfied that no additional research is required on blinds; to be included in the white paper.
      iii. Change due date to May 5th for SWGD. J. Baker to research as time allows or recommends move forward without.
   d. COG U-factor
      i. J. Baker recommends using the 1m x 1m COG dimensions for simplicity; do not base on product height
      ii. There is no change in total product U-factor when comparing 1m x 1m COG to window height COG values.
      iii. See graph from J. Baker for white paper
   e. Spandrels – Spandrel TG
      i. MFR is providing a product for testing and simulation
      ii. Task group will start meeting more to move research along
NOTES

f. Condensation Index – Condensation TG
   i. TG will be meeting soon to discuss ballots.
   ii. Condensation TG to issue separate white paper

g. Whitepaper – Staff
   i. Draft of whitepaper is on the task group web page for review and comments.

4. New Business
   a. WESTLab RCBC Analysis Spreadsheet – J. Baker
      i. Sheet is on webpage
      ii. S. Hanlon presented instructions for use of the sheet for research

5. Next scheduled conference call – May 10th @ 2:00pm EDT

6. Adjourn at 3:04pm
