1) Called to Order ~11:02
   a) Roll call as present: Mike Thoman, Steve Johnson, Dave Cooper

2) Jen Padgett (staff) appointed recording secretary.

3) Discussion regarding what needs to happen to create a rating system for VIG.
   a) What are we lacking in the program today?
   b) VIG is a variation of IG already
   c) VIG can be done today, it just can’t be simulated. To simulate there would need to be a procedure for simulation and how to rules created for Window/Therm.
   d) If this was an accepted practice, what documents would need changing?
      i) Simulation Manual (Technical)
      ii) NFRC 100, 200 (Technical)
      iii) NFRC 700 and if for commercial, NFRC 705 (Ratings)

4) Scheduled next conference call for 09/10/15 at 11:00 EDT.

5) Adjourned.
