Document Ballots Available for Review  (What is a Document Ballot?)

The National Fenestration Rating Council (NFRC) committees and subcommittees have prepared 7 ballots for membership review, vote, and comment. Members are encouraged to participate by reviewing the documents and voting forms on the NFRC Community site and submitting their feedback.

Two Committees are represented in this ballot cycle, with ballots linked via the pages below:

- [Research and Technology Committee](#) – 1 Ballot
- [Rating Committee](#) – 6 Ballots

The changes proposed by the working groups are open for vote and commenting through Thursday, August 29, 2013.

The NFRC has updated the process for commenting and voting on ballots this cycle. Downloading of the document ballots and voting will now all be processed through the NFRC community in a survey format. This system will be an efficient improvement as, over the past several years, the number of issues the NFRC members had with the adobe voting sheets increased significantly and the number of instructions needed was becoming unwieldy and often confusing.

While there are instructions online, NFRC staff has also set up a virtual training session for anyone who would like guidance through the process. Please consider joining us on Thursday, August 15, 2013, from 2:00 – 3:00p.m. ET: [click here to register](#)

The NFRC is a membership organization that values the contribution of its diverse membership. By taking part in NFRC’s cooperative process involving all stakeholders, you’re contributing to the production of technically superior and unified standards that promote and strengthen our industry. You’re also boosting consumer confidence in the quality and reliability of the products they find in the marketplace. Thanks in advance for participating in this important process.
