Subject -- Document Ballots Available for Review

What is a Document Ballot?

The National Fenestration Rating Council (NFRC) committees and subcommittees have prepared eight ballots for membership review, vote, and comment. Members are encouraged to participate by reviewing the documents and voting forms on the NFRC community site and submitting their feedback.

Two committees are represented in this ballot cycle, with ballots linked via the pages below:

- Technical Committee – Three ballots
- Ratings Committee – Five ballots

The changes proposed by the working groups are open for voting and commenting through Thursday, February 27, 2014.

Downloading document ballots and voting will continue being processed through the NFRC community in a survey format. There are instructions online as well as this video to use as a tutorial, if needed.

The NFRC is a membership organization that values the contribution of its diverse membership. By taking part in NFRC’s consensus process involving all stakeholders, you’re contributing to the development of technically superior and unified standards that promote and strengthen our industry. You’re also boosting consumer confidence in the quality and reliability of the products they find in the marketplace. Thanks in advance for participating in this important process.

Information on the NFRC’s Spring Committee Week, including registration, hotel information, and the draft meeting schedule is available online.
