

National Fenestration Rating Council Bulletin

www.nfrc.org

April 22, 2015

This bulletin relates to the publication and implementation of the [NFRC 713-2015: Independent Verification Program](#) document and testing of products in 2015.

The NFRC Board of Directors approved the NFRC 713-2015: Independent Verification Program document.

The document can be downloaded from the NFRC website [program document page](#).

IVP Testing for 2015 has begun:

- This year the IVP will be testing 10% of certified product lines (a total of 324 products).
- 50% of the products are EPA nominations.
- Due to the increased quantity of tests and Partners having multiple EPA nominations some may receive a request to submit multiple product lines at once. Please work with NFRC if you encounter any difficulties with this request.

If you have any questions, please contact [Scott Hanlon](#), NFRC Program Director at 240-821-9519, or [Michelle Scism](#), NFRC IVP Coordinator at 240-821-9511.

NFRC is the recognized leader in energy performance rating and certification programs for fenestration products. Visit *NFRC News Now* for the latest fenestration-related information.

Make sure NFRC is on your Approved Sender's list to continue receiving bulletins, billings and other important NFRC e-mails.
