Mission Possible – Celebrating NFRC’s 30th Anniversary

30 VOICES FOR 30 YEARS

NFRC’s *Mission Possible* campaign commemorates our 30-year anniversary by celebrating how you helped us become the nation’s go-to source for fenestration product ratings. We want to hear from you! Tell us your story and how NFRC has impacted your work. Also send us photos of you and your colleagues either on the job or at past NFRC events so we can share them with the group at the upcoming Spring Committee Meeting. Members from the Department of Energy, Oldcastle Building Envelope, GED Integrated Solutions and more have already submitted feature stories.

You can send us a 250 word summary explaining how your business has grown, improved or transformed in the last 30 years and how NFRC has positively influenced this progress.

30 Voices for 30 Years

In this story, **Department of Energy (DOE), Advanced Technology and Energy Policy Manger, Marc LaFrance** explains how NFRC educates building code officials on what is an NFRC label and how do I look for an NFRC label.
30th Anniversary Podcast

ICYMI, our recent podcast episode featured NFRC CEO Deb Callahan and Chairman of the Board Paul Bush chatting with host Tom Herron. They discussed NFRC’s 30 years of providing fair, accurate and credible energy performance ratings and how our new strategic direction aims to further the work of NFRC in the residential market.

**Attention FenStar® Licensees**

This is a reminder, all manufacturer folders have been created on the FenStar Document Uploading SharePoint. If you have not received the Welcome Letter from FenStar Staff or are having issues accessing your document uploading folder, please contact FCP@nfrc.org for assistance.

Please begin uploading the required documentation (outlined in the checklist attached to the welcome letter) for FenStar certification as soon as possible. We are currently certifying product lines from participants who have uploaded all required certification documentation. FenStar Staff will be reaching out to all participants who have either not uploaded the required documents or are missing elements required for certification.

If you have not yet signed and returned your FenStar License Agreement, your organization has been reported as a non-compliant partner to ENERGY STAR Enforcement. If you feel this is in error or have any questions, please contact FCP@nfrc.org.

The license agreement can be downloaded HERE and should be signed and returned via email to FCP@nfrc.org.
