Volunteer Leaders Network (VLN)

Our member volunteers are the backbone of NFRC. Every task group, committee and subcommittee is led by these tireless volunteers.

Since 2016, NFRC has been offering Volunteer Leader Network (VLN) training sessions to grow and develop our members into strong, dedicated leaders. As an organization that depends on the commitment of our volunteers, it is important to NFRC that we provide the resources to be effective as well as to excel in their own careers.

In Baltimore this month, we are excited to have the VLN meeting as a separate track. The following sessions will be Monday, March 26. For more information or to register to attend, click on the button below.
Mission Possible – Celebrating NFRC’s 30th Anniversary

30 Voices for 30 Years

Our third story in 30 Voices for 30 years Maxam Marketing, Co-owner Amelie Kogovsek explains how she has applied NFRC’s membership meetings information to help her clients.

Click here to read the story

Last week NFRC hosted representatives from the D.C. Department of Consumer and Regulatory Affairs (DCRA) for a workshop on our residential and commercial building programs. NFRC’s Scott Hanlon and Steve Urich led the meeting. They gave energy code plan reviewers and green building inspectors an overview of how NFRC’s fair, accurate and credible energy performance label levels the playing field for inspectors to achieve code compliance in D.C.

Stay tuned for video from the training session coming soon.

Attention FenStar® Licensees

This is a reminder, all manufacturer folders have been created on the FenStar Document Uploading SharePoint. If you have not received the Welcome Letter from FenStar Staff or are having issues accessing your document uploading folder, please contact FCP@nfrc.org for assistance.

Please begin uploading the required documentation (outlined in the checklist attached to the welcome letter) for FenStar certification as soon as possible. We are currently certifying product lines from participants who have uploaded all required certification documentation. FenStar Staff will be reaching out to all participants who have either not uploaded the required documents or are missing elements required for certification.

If you have not yet signed and returned your FenStar License Agreement, your
organization has been reported as a non-compliant partner to ENERGY STAR Enforcement. If you feel this is in error or have any questions, please contact FCP@nfrc.org.

The license agreement can be downloaded [HERE](#) and should be signed and returned via email to FCP@nfrc.org.
