Come explore College Park, Maryland at NFRC’s 2020 Spring Committee Meeting!

You don’t want to miss this opportunity to get involved with NFRC, learn about the latest innovations in fenestration, and connect with industry professionals like yourself.

Highlights of the meeting include a Green Building Tour at the University of Maryland, Leaders’ Network educational sessions and trivia night, and Opening Night Reception.

Also planned are committee meetings, leadership development, and meetings of the various task groups, subcommittees, and committees.

Members and non-members are invited to attend.

FenStar® 2020 Verification Testing

NFRC provides Verification Testing (VT) for products to maintain their ENERGY STAR® certification through its FenStar® program. FenStar staff are working with EPA to determine the 2020 VT selections. Please ensure the ENERGY STAR Product Line Identification Tool (PESI) is up to date. The PESI is used to communicate the product lines that are certified and eligible for VT to ENERGY STAR.

The Schedule for 2020 VT is outlined below.

- Partners Notified of Selections: 1/15/2020 – 3/1/2020
- All Test Units Arrive at Labs: 4/15/2020
- Thermal Testing Completed: 9/30/2020
- Component Evaluations Completed: 11/15/2020
- FVT Completed: 12/31/2020

Please contact Dan Womer with any questions or concerns.
Important Information for CMAST Users

For CMAST client application users, we are actively working on a new CMAST client solution and plan to make it available later this year. In the meantime, we recommend upgrading the computer that is used to access CMAST, to Microsoft Windows 8.1. (https://www.microsoft.com/en-us/download/details.aspx?id=42335)

Please let us know if you have issues accessing or using CMAST Client Application once the operating system has been upgraded, and we will assist you.

If you have any questions about CMAST, please contact support@nfrc.org
