# Second IG Certification Extension Request Notification

The undersigned petitioner previously was granted an extension of time through \_\_\_\_\_, 20\_\_ to comply with the requirement under NFRC 706 that insulating glass units described in the approved extension document be certified by an independent IG certification program. The undersigned acknowledges that NFRC retains the discretion to grant or deny this second request for extension based on its evaluation of the merits of the undersigned's request. If this second request for extension is granted, the undersigned acknowledges that any further requests for extension of time to bring its product line(s) into compliance with the IG certification requirement may likely be denied by NFRC and that failure to comply may result in suspension of such product line(s) from NFRC's Product Certification Program.

This Second IG Certification Extension Request Notification form shall be executed by an officer or director level employee of Petitioner who has the legal authority to act on behalf of the Petitioner with respect to the matters set forth in this Request and notarized.

The undersigned hereby affirms that the information provided in this Second Request for IG Certification Extension is true and correct.
