FMOC Vision Statement:

To be an authoritative resource for integrated life-cycle maintenance and operations information

Committee Objectives:

The Facility Maintenance and Operations Committee (FMOC), a body operating under the auspices of the National Institute of Building Sciences, provides industry-wide, public and private support for the creation of higher quality facilities through improved maintenance and operation and real property management.

To achieve this purpose the FMOC has the following objectives:

- To increase maintenance and operations influence in the facility acquisition process;
- To promote the sharing and integration of facilities maintenance and operations procedures and information; and
- To identify and disseminate best practices for the maintenance and operations of facilities.
