

AWWA NJ Water Professionals Assembled for Fall Meeting

NEPTUNE, N.J., September 24, 2015 – Members of the American Water Works Association New Jersey Section (AWWA NJ) gathered at Jumping Brook Country Club in Neptune, New Jersey for their Annual Fall Conference. Algal Toxins, Unregulated Contaminates, Well Rehabilitation and Advanced Metering Infrastructure Technologies were among the technical sessions offered to attendees.

AWWA NJ has over 1350 members united in a mission to provide New Jerseyans with safe drinking water. Members include most of New Jersey's public and investor-owned water utilities along with engineering and environmental professionals and allied industry business

During the days luncheon new members were welcomed and cumulative years of membership was recognized. Those in attendance who received Silver Award recognition for 30 cumulative years of membership were John A. Meier, Water Resource Management; Keith Pytlik, Retired from North Jersey District Water Supply Commission and Richard Risoldi, Middlesex Water Company.

About The American Water Works Association

Established in 1881, the American Water Works Association is the largest nonprofit, scientific and educational association dedicated to managing and treating water, the world's most important resource. With approximately 50,000 members, AWWA provides solutions to improve public health, protect the environment, strengthen the economy and enhance our quality of life.
