

NEW DATE - Webinar moved to Tuesday, April 7th.

NLBMDA Webinar ***COVID-19 Federal Business Relief Resources***

National Lumber and Building Material Dealers Association will be holding a FREE webinar on **April 7th at 3 pm (eastern) to share information on federal resources available to LBM dealers.**

Over the past several weeks, NLBMDA has been working tirelessly on behalf of the entire lumber and building materials industry to ensure federal lawmakers understand how vital it is for supporting residential and commercial construction and the U.S. economy as a whole.

Last week Congress passed “Phase 3” of their relief efforts in the wake of the COVID-19 pandemic. As a result, we invite all NLBMDA members to join us as we explain several components of the federal legislation and how it impacts your businesses. We will share how dealers can take advantage of provisions such as loan programs, employer tax credits, and others.

The webinar will also explain how dealers can access federal resources and offer guidance on applications, federal agency resources and contacts, and other important information.

The webinar will be presented by NLBMDA Director of Government Affairs Kevin McKenney.

Lastly, we invite you to submit any specific questions that you may have in advance to membersupport@dealer.org.
