To: NOMMA Members and Industry Professionals

From: NOMMA Board of Directors
Cristina Rodriguez, CAE, IOM, Director, Operations

Re: US Department of Homeland Security, CISA, COVID-19 Documentation & Attachments

1. Memorandum on Identification of Essential Critical Infrastructure Workers
2. Critical Manufacturing Sector-Specific Plan
3. Life-Sustaining Business by Industry, Sector and Industry Groups Continued Operations

During these unprecedented times that are rapidly changing daily, the National Ornamental and Miscellaneous Metals Association (NOMMA) is working to provide our members and industry professionals the most up to date information possible. Now might be the most important time in our history to be part of NOMMA. NOMMA is a member-based organization, but we believe that we have a responsibility to communicate to all industry professionals to ensure you have access to information and resources during this crisis.

NOMMA understands the concerns of all industry professionals in the event of a national, regional, state or local executive order directing all residents to stay home and/or shut down your business. It is important to heed these orders and be informed on how this affects your company. We encourage you to read through the resources provided to better understand if your physical operations can continue.

If an order is placed upon your area, ALL NON-ESSENTIAL SERVICES BY YOUR COMPANY THAT DOES NOT SUPPORT THE FOLLOWING MUST BE TERMINATED.

Healthcare/Public Health, Law Enforcement, Public Safety, First Responders, Food and Agriculture, Energy, Water and Wastewater, Transportation and Logistics, Public Works, Communication and Information Technology, Community-Based Government Operations and Essential Functions, Critical Manufacturing, Hazardous Materials Financial Services, Chemical and Defense Industrial
