Organizational Values

- **Professionalism:**
We strive to maintain a culture of integrity, transparency, accountability, and honesty, and operate with the highest standards to support our mission, vision and values.
- **Excellence:**
We strive to integrate leading-edge best practices that reflect our commitment to excellence in all that we do as an organization, both internally and on behalf of our members. We strive for academic excellence with a commitment to student centered, outcome focused, high quality education that ensures all learners are prepared as competent nurse practitioners. We are committed to achieving organizational excellence through continuous improvement, innovation, good stewardship of resources and accountability
- **Advocacy:**
We drive positive change with a shared voice to influence nurse practitioner education transformation.
- **Evidence-based Practice:**
We adhere to data-driven and evidence-based practices to inform and innovate all aspects of our work from membership support, educational content and programming, and policy to association management.
- **Inclusivity:**
We work to intentionally cultivate inclusivity within our community including our staff, board, and membership to better reflect those we serve and strengthen our organization. We strive to make equitable decisions and take actions that advance equity and opportunity for NP educators. We are committed to creating a tight-knit, inclusive, and supportive learning environment which all can benefit from our collective experiences and expertise.
