Upcoming Webinar – Optimize Your Practice!

If you want to learn how to develop comprehensive faculty practice strategies, come to our Faculty Practice Webinar Series!

Our newest series aims to provide practical ideas and techniques on this critical topic. From traditional models to innovative approaches, we cover all aspects of nursing faculty practice plan development. You'll learn about successful models and strategies that can be applied to schools of all sizes and types.

Take advantage of this chance to advance your institution's practices. Registration for the upcoming series opens on August 3rd.
