NATIONAL PLASTERERS COUNCIL

A CALL FOR PRESENTATIONS IS NOW ISSUED

The National Plasterers Council (NPC) has issued a Call for Presentations for the 30th Annual Conference, scheduled to take place February 6–8, 2019 at the Hyatt Regency Washington on Capitol Hill, Washington, DC.

The NPC is seeking manuscripts and presentations covering a range of swimming pool plastering-related subjects to ensure that delegates are offered the most innovative, timely, and relevant issues in the pool industry today. The NPC Annual Conference is an important educational event that offers a forum for cementitious pool industry professionals to exchange new ideas, innovations, processes, and technologies. The 2019 NPC Annual Conference is expected to attract more than 500 cementitious pool and spa professionals within the swimming pool community.

Based on the submission of abstracts, selected individuals will be invited to submit their paper and deliver presentations at the NPC's 30th Annual Conference in February, 2019. Presentations will be selected based on the specific criteria, including relevance, originality and **non-commercial** tone and content. Abstracts will be reviewed and evaluated by the Education Committee of the National Plasterers Council as they organize the program for the 2019 NPC Conference. Those interested in presenting a presentation at the NPC's 30th Annual Conference in Washington, DC should submit an Abstract by visiting www.npconline.org and follow the link to the **Call for Presentations** or by contacting National Plasterers Council at mail@npconline.org.
