

NATIONAL PLASTERERS COUNCIL

2016 – 2017 MEDIA GUIDE

Build your company's exposure through NPC's Integrated Media Offerings

EDUCATE THE MARKET

In today's market consumers want information! ...And they will get it. *The question is, where will they get it? If you are not supplying the resources they need, you can bet your competition will fill that void. Be sure your message is heard!*

In 2016 NPC is proud to offer space on our popular website, www.npconline.org, where you may provide the information and answers the market desires. Help make NPC *the resource* for industry information and promote your company's value proposition.

TECHNICAL PAGES

The NPC will build a page just for you! All you have to do is supply written content and any artwork or pictures you would like included on your company's page. NPC will pull together a page for your review and approval. These pages are designed to fill www.npconline.org with the very latest in educational and technical information from the industry. (*NPC reserves the right to edit the content for grammar and syntax.*)

Yearly | \$2500 per page

BE AN NPC FEATURED MEMBER

Become an NPC Featured Member and your company photo or logo will appear under your listing. Have access to adding up to 10 custom profile pages, including links to YouTube videos and other sites relevant to your company.

Feature your company's projects with a photo gallery and be featured on www.npconline.org as our Featured Member!

Yearly | \$200 per page

HOT LINKS

NPC accepts new materials from all of its members. When your firm offers pictures, reports, data, or any other form of content, then NPC credits your company with supplying that information. Now, you can turn that 'tag' into a hot link! When a visitor clicks on your link, they will be sent to your website. For a nominal fee, turn the credit you get into a lead opportunity. The more materials you supply, the more links you can get. One fee covers all your offerings!

Yearly | \$150

LET NPC ASSIST YOU IN CAPTURING YOUR SHARE OF THIS LUCRATIVE MARKET.
