Seminars Held: Summer meeting that included a seminar on the Wisconsin Michigan state line presented by Patrick Leemon, former surveyor for Ottawa National forest, retired.

Items of Interest to NSPS:
Application are being requested for the awards of Surveyor of the Year, Young Surveyor of the year and Lifetime achievement award.

WSLS Foundation will not be picking up the dividing engines located in storage in Philo, Illinois. If any organization is interested please let us know. These are not light weight items.

THE WSLS Foundation has received a $100,000 donation from the Estate of Phil Peterson.

WSLS is in its second year of the hosting a photo contest at our annual institute. The contest gives our executive director many options for our newsletters and website.
The central chapter of WSLS is continuing their work on monumenting the 90 and 45 intersection. One of only two of the 4 corners of the earth not in water.

Legislative Concerns: WSLS is watching the movement of national interest in trying to eliminate licensure of surveyors.

Causes for NSPS Action: None at this time
