

STATE OF TEXAS
OFFICE OF THE GOVERNOR

Surveyors have long played a vital role in the growth and development of our nation. These dedicated professionals greatly aided early expansion, when the promise of land ownership encouraged pioneers to travel great lengths to settle and stake their claims.

Today, surveyors continue to make invaluable contributions to the infrastructure and economy of the Lone Star State. Surveyors have many responsibilities, such as gathering data to establish land ownership and advising on infrastructure and geographic information systems development. These industrious professionals maintain the expertise essential to meet emerging needs and utilize technological advancements.

Every March, a weeklong awareness campaign is conducted to highlight the contributions of surveyors.

At this time, I encourage all Texans to recognize the dedicated service of these outstanding professionals and the importance of their work.

Therefore, I, Greg Abbott, Governor of Texas, do hereby proclaim
March 17–23, 2019, to be

Surveyors Week

in Texas, and urge the appropriate
recognition whereof.

In official recognition whereof,
I hereby affix my signature this the
15th day of February, 2019.

Governor of Texas
